MEDIA INFORMATION

This guide is designed to assist in coverage of NJIT baseball. For home games, the NJIT sports information office will provide an official box score 10 minutes following each game. Coach Mike Cole and requested players will be available for interviews on the field following a 10-minute cooling off period. Radio broadcast requests should be made at least 10 business days prior to the contest. Requests for coach and player interviews on nongame days should be made through the NJIT sports information office (973-596-8461).

CREDITS

The 2011 NJIT Baseball Guide is a production of the NJIT Sports Information Office in cooperation with the Office of University Communications. Written, compiled and edited by Tim Camp and Stephanie Pillari. Cover and interior design by Karyn Olsen Design. NJIT photographs and information courtesy of University Communications. WHY THE HIGHLANDERS?

The home of NJIT, University Heights, was formerly known as the Newark Highlands and NJIT's mailing address used to be High Street, until the thoroughfare was renamed in memory of Dr. Martin Luther King, Jr.

In 2006-07, NJIT athletics, in keeping with its move to NCAA Division I, unveiled a new graphic identity, which includes a new Highlanders logo (shown). Developed by CN Foundry for NJIT, the logo depicts the traditional Highlander, whose ferocity and bravery against all odds are the stuff of legend.

QUICK FACTS

New Jersey Institute of Technology

Location: University Heights, Newark, NJ

Founded: 1881

Enrollment: 5,924 (undergraduate)

NJIT website: www.njit.com

Nickname/Colors: Highlanders/Red and White (Blue accent)

Home Court/Capacity: Bears & Eagles Riverfront Stadium (6,200)

Field Dimensions LF 302; LCF 364; CF 394; RCF 365; RF 323

Affiliations: NCAA Division I, ECAC

Conference: Great West Conference

University President: Dr. Robert A. Altenkirch

Director of Athletics: Lenny Kaplan

Back cover: 2011 schedule; a night view of the NJIT campus overlooking downtown Newark

NJIT is New Jersey's Science & Technology University. With roots going back to 1881, when it was founded as Newark Technical School, New Jersey Institute of Technology observed its 125th anniversary in 2006.

Located in University Heights, Newark, NJ, home to more than 30,000 college students, NJIT's campus is just 10 miles from New York City.

Playing a critical role in shaping New Jersey's future, NJIT, as a major public technological university, is an important pipeline for the flow of technology into society. The university's educational programs prepare students to be leaders in the technology-dependent economy of the 21st century. University researchers seek new knowledge to improve processes and products for industry. Through public and private partnerships and economic development efforts, the university helps to grow new business ventures that fuel the economy.

In recent years, NJIT has put more than \$83 million toward new and improved buildings and facilities on the 45-acre campus, including biomedical engineering labs and a campus center.

Instructional Programs

NJIT offers an ever-expanding array of educational programs, with eight new academic programs approved beginning in 2009-10, which comes after the addition of 14 new programs in 2008. As of 2009, NJIT

lists 55 bachelor's degree majors, 53 master's degree programs and 19 doctoral programs — through six schools:

Newark College of Engineering
College of Architecture and Design
College of Science and Liberal Arts
School of Management
Albert Dorman Honors College
College of Computing Sciences

NJIT has 416 full-time faculty; more than 98 percent of whom hold the highest degree in their field. The student-faculty ratio is 13:1, with more than 5,300 undergraduate students and more than 2,800 graduate students. Our students hail from 33 states and more than 100 countries to rank eighth in the nation for diversity.

Albert Dorman Honors College enrolls more than 500 students who take advantage of honors courses, research opportunities, advising and mentoring. Honors College students have SAT scores ranking in the top 10 percent nationally.

With more than 44,000 alumni, NJIT is rated by U.S. News and World Report as a top-tier research university offering bachelor's, master's and doctoral degrees.

Research

NJIT drew more than \$75 million in research funding in 2005 and faculty members welcome student collaboration on research projects.

Economic Development

NJIT is committed to economic development for Newark and the region. The university operates several outreach centers that provide direct technical assistance to the state's businesses with the goal of helping small and medium-sized companies. NJIT is also the home of New Jersey's oldest and largest incubator facility, and was one of the first institutions in the nation to adopt economic development as a fourth mission element, together with instruction, research and community service. More than 60 technology start-up companies, many of which hire NJIT students, are on campus.

The Career Edge

All 10 of the majors with the highest starting salaries for 2005-06 grads are in engineering, computing and business, according to the National Association of Colleges and Employers.

Computer and data processing services lead the list of the 10 fastest-growing occupations in projections compiled by the U.S. Department of Labor. Computer-related employment is expected to grow 117 percent by 2008, according to the Career Guide to Industries.

As technology changes all fields, those with science and technology backgrounds are positioned to lead. Among the CEOs of the S&P 500 companies, engineering is the single largest undergraduate degree and more than half of CEOs have undergraduate degrees in engineering, business management, science, math and computing.

The Global Edge

The diversity in NJIT's student body and faculty prepares graduates to understand and succeed in the global marketplace. NJIT was named among the world's top 500 universities in a study by the Institute of Higher Education, Shanghai Jiao Tong University.

The Technology Edge

NJIT has been designated as one of the nation's most technologically sophisticated universities by Forbes.com and a Princeton Review survey and the university has received major funding from the National Science Foundation and the National Security Agency in recent years.

The Academic Edge

NJIT has long been a national leader in applying new technologies and approaches to the education experience. NJIT was a pioneer in requiring computer science for students in all majors and the School of Architecture has led innovations in teaching CAD and digital design. The School's innovative "paperless" first-year program was recently cited by Campus Technology Magazine.

Students have a wide range of educational choices in building an interest-tailored program. Among their options are cross-enrolling at neighboring Rutgers to enrich their program with subjects such as music and languages.

NJIT students learn emerging technologies from researchers behind the technologies,

developing valuable marketplace skills. Real-world experience through experiential learning makes graduates more marketable, with many co-op opportunities leading to permanent jobs.

The Regional Edge

New Jersey, with America's highest concentration of pharmaceutical, hi-tech, biotech, and medical device companies, is the place to study technology. It has the nation's highest per capita number of engineers and scientists as residents, while also leading in per capita rate of patents issued. Further, the Newark-New York region is a living laboratory for architecture and building sciences, environmental engineering and transportation.

The Research Edge

NJIT has been designated by the State of New Jersey as the Homeland Security Technology Systems Center and NJIT operates the world-renowned Big Bear Solar Observatory.

State Legislature, recognizing an urgent need, sought a home for what would be the state's technical school. The efforts of Newark's public and private sectors resulted with the opening of Newark Technical School, addressing the state's need.

Over time, the university expanded its curriculum and mission. In 1919, the university established baccalaureate programs in three engineering fields. By the middle of the 20th century, Newark Technical School was transformed into the robust Newark College of Engineering.

The post-war period was one of enormous activity with regular expansion of the campus, as well as the introduction of doctoral level programs. In 1975, with the addition of the New Jersey School of Architecture, the institution had evolved into a technological university, emphasizing a broad range of degrees and dedication to significant research and public service. Newark College of Engineering, stronger than ever, remained intact, but a new university name — New Jersey Institute of Technology — reflected the institution's expanded mission.

A History of NJIT

From the Industrial Revolution to the Information Age, New Jersey Institute of Technology has a rich history with its beginnings developing from the industrial age.

In 1881, an act of the New Jersey

A broadened mission called for the creation of a residential campus and the opening of NJIT's first dormitory in 1980 began a period of steady growth that continues. Two new schools were established during the 1980s—the College of Science and Liberal Arts (1982) and the School of Industrial Management (1988). The Albert Dorman Honors College was established in 1994, and the newest school, the College of Computing Sciences, was created in 2001. Beginning in 2009 the College of Architecture and Design was created to house the New Jersey School of Architecture and the new school of Art and Design.

Dr. Robert A. Altenkirch

President

Having joined NJIT as its seventh president in July 2002, Dr. Robert A. Altenkirch is leading the university in a period of multi-layered growth.

In recent years, NJIT has put more than \$83 million toward new and improved buildings and facilities, while also drawing similar dollars in annual research funding.

Under President Altenkirch, NJIT has expanded its course offerings, with 16 new degree programs added in the 2008-09 academic year alone, and 13 more in various stages of development for implementation in the following two years.

Coinciding with the expansion is NJIT's transition from a smaller commuter campus to a larger institution with a larger resident student population. The incoming class of 2013 was the

largest in the history of the school, and more than half the freshman class resides on campus.

Tied to that transition is Altenkirch's strong belief that the home institution in New Jersey's largest city needs to be residential and provide the experiences associated with a residential campus. At the same time, Altenkirch is committed to NJIT's involvement with the community in its home city of Newark.

Intercollegiate athletics fits those goals naturally and upgrading NJIT athletics has been a priority of Altenkirch's presidency going back to November 2002 meetings that led to NJIT's reclassification to NCAA Division I.

Adding a personal dimension to his support, Altenkirch, a multi-sport athlete in high school, freshman baseball player at Purdue University, and a former college soccer official, and his wife, Beth, are regular attendees at NJIT competitions, home and away.

Immediately before his selection as president of NJIT, Altenkirch was vice president for research at

Mississippi State University (MSU), a position he held from 1998 to 2002.

Prior to his appointment as vice president at MSU, Altenkirch served as dean of the College of Engineering and Architecture at Washington State University (1995-98).

From 1988 to 1995, he was dean of the College of Engineering at MSU. He also served as professor and chair of mechanical engineering at the University of Kentucky (1975-88).

Altenkirch holds a PhD from Purdue University, an MS from the University of California, Berkeley, and a BS from Purdue, all in mechanical engineering.

He is the author of over 50 publications and nearly 100 presentations in combustion and heat transfer and served as principal investigator for 10 Space Shuttle experiments investigating the spread of fire in reduced gravity.

He is a fellow of the American Society of Engineers and in 2008 received the Ellis Island Medal of Honor.

Dr. Joel Bloom

Vice President for Academic and Student Services

Dr. Joel Bloom, who joined NJIT in July 1990, is responsible for eight divisions of the university, including physical education and athletics.

In 1998, Bloom was appointed the first dean of the Albert Dorman Honors College in addition to his vice president responsibilities. The honors college enrolls over 500 students, including residents of 15 states and several foreign countries. The combined average SAT score is over 1300 and freshmen

typically have ranked in the top 10 percent of their high school graduating class. Honors College students maintain a grade point average higher than 3.5.

Prior to his arrival at NJIT, Dr. Bloom served seven years as assistant commissioner of the New Jersey Department of Education for the Division of General Academic Education. He was responsible for managing many of the education department's initiatives, over 300 grants and contracts, and a \$24 million budget.

Formerly a teacher and school administrator in New York City Public Schools, Dr. Bloom was also a director of research and instructor at Teacher's College, Columbia University.

He is chair of the Greater Newark Consortium for Pre-College Education and vice chair of the State Board for Communities and Schools. He serves further as a member of numerous boards at the state, regional and national levels and has received national and state education awards, as well as federal, foundation and corporate grant awards. He has published journal articles and presented papers on school improvement, curriculum development, college transition and student assessment.

Dr. Bloom holds a master's degree and a doctorate from Teacher's College, Columbia University. He also earned master's and bachelor's degrees from Hunter College of the City University of New York.

Lenny Kaplan

Director of Athletics

Since taking over as head of NJIT's division of physical education and athletics in August 2000, Lenny Kaplan has been instrumental in guiding NJIT's reclassification to NCAA Division I.

Kaplan helped stabilize and expand a program that was entering its fourth year in Division II when he arrived in Newark. In late 2002, after discussions

with university President Dr. Robert A. Altenkirch and Vice President Dr. Joel Bloom, Kaplan took on the task of steering NJIT's programs into Division I, a process that reached fruition with the NCAA's granting active Division I status, with full championship eligibility effective September 1, 2009.

Throughout Kaplan's tenure, NJIT has enhanced the athletics program, particularly in areas that benefit the student-athletes directly.

The sports offerings have expanded to its current 18 varsity programs. And since 2004, NJIT has renovated its two main on-campus venues—Lubetkin Field at J. Malcolm Simon Stadium at

Lubetkin Field and the Estelle and Zoom Fleisher Athletic Center. Further, construction has begun on the Naimoli Family Recreation Center, a 25,600-square foot facility on the site of the old tennis courts that will enhance the recreational and intercollegiate opportunities on campus.

The school also signed a 10-year partnership to play all home baseball in the professional Bears and Eagles Riverfront Stadium and later agreed to host basketball in the new Prudential Center, downtown Newark home of the NHL's New Jersey Devils.

Under Kaplan's leadership, many teams achieved regional and national Division II ranking. Success for several women's teams was unprecedented, with

basketball, tennis and soccer all reaching postseason play for the first time in his administration.

Additionally, men's volleyball captured a 2007 divisional championship in the Eastern Intercollegiate Volleyball Association and the next year reached the EIVA playoff semifinals hosted by eventual 2008 national champion Penn State.

Sports Medicine

NJIT sports medicine is moving forward with expanded facilities and a staff of three full-time trainers led by head trainer Matt Koscs, MS/ATC, with assistant trainers Paul Grayner, MEd/ATC, and Sandra Brendle, MEd/ATC. They work with team physicians Louis Rizio, MD, and Stephen Matta, DO.

Matt Koscs, who earned both his bachelor's and master's degrees from the University of Delaware, has served NJIT as head trainer since July 2009, a year after he joined the staff as an assistant trainer. As an undergrad at Delaware, he was recipient of the Paris Delligatti Memorial Award for Excellence in Athletic Training.

Prior to NJIT, he served three years as head trainer at Hodgson Vocational Technical High School in Newark, DE. He also worked with soccer clubs in Delaware and was employed at Christiana Care Physical Therapy Plus, in Newark, DE.

Paul Grayner, who holds a bachelor's degree from Saint Leo College in Florida and a master's from American University in Washington, DC, has a diverse background in athletic training, having served at the college and professional levels, as well as in a fitness center setting. He joined the NJIT staff late in 2008.

From the mid-1970s to the mid-1980s, he was a trainer in the minor league systems of the New York Yankees and New York Mets and in 1984 he was assistant trainer with the Mets. He later worked with the Long Island Knights professional basketball team.

At the collegiate level, he was head trainer at Fairleigh Dickinson University in Teaneck, NJ from 1989 to 1998 and earlier worked as an assistant trainer at Hofstra, Adelphi and FDU.

Sandra Brendle, who joined the NJIT staff as an assistant trainer in the summer of 2009, earned her bachelor's degree, majoring in athletic training, from Greensboro (NC) College in 2007. She earned her master's in athletic training at Old Dominion University in May 2009. At ODU, she

Kaplan guided the Highlanders toward further stability with membership in the newly-expanded all-sports Great West Conference, which offers a conference home for 11 of NJIT's varsity sports.

NJIT's outstanding home facilities will allow it to host conference championships in the Great West Conference and allowed it to host ECAC postseason championships in 2005-06.

Matt Koscs

worked with seven teams and was on the medical staff for the 2008 NCAA Division I Women's Basketball Tournament first and second rounds. At Greensboro, she was 2006 Athletic Training Student of the Year and worked on the 2004 NCAA Division III Men's and Women's Soccer Championship tournament medical staff.

Dr. Rizio is a board certified orthopedic surgeon and is fellowship trained in the field of sports medicine. He is a graduate of Rutgers and after earning his medical degree from the UMDNJ/New Jersey Medical School, Dr. Rizio completed his orthopedic residency at Tufts University in Boston.

He then completed a sports medicine fellowship at the University of Miami and was assistant team physician of the Hurricanes, as well as the Miami Dolphins, the Miami Hurricanes.

Dr. Rizio practices at the New Jersey Sports Medicine Institute in Livingston, NJ. Prior to starting his own practice, Dr Rizio was the Chief of Sports Medicine at the NJ Medical School from 2000-2005. He is affiliated with four New Jersey hospitals: St. Barnabas Medical Center (Livingston); Short Hills Medical Center (Short Hills); Mountainside Hospital (Montclair); and, Overlook Hospital (Summit).

Dr. Matta, who is board certified in family medicine, currently specializes in primary care sports medicine at Mountainside Hospital in Montclair, NJ, a post he assumed after three years in the family practice residency program at Valley Baptist Medical Center in Harlingen, TX. He is a 2007 graduate of a five-year DO/MBA dual degree program with Philadelphia College of

Paul Grayner

Before coming to NJIT, Lenny Kaplan served 11 years at Manhattan College, where he began as Manhattan's director of operations and was assistant athletics director from 1991-2000.

Kaplan, a 1988 graduate of St. John's University with a degree in athletics administration, resides in Merrick, NY, with his wife, Nancy, and their sons, Michael and Joshua.

Sandra Brendle

Osteopathic Medicine for his medical degree and Saint Joseph's University for an MBA in healthcare administration. He is a 2002 magna cum laude graduate of Duquesne University in Pittsburgh, with a BS in honors chemistry. He and his family reside in Belleville, NJ.

Dan Huff

Strength and Conditioning

Strength and conditioning is a key part of a successful Division I program, with an eye toward maximizing individual and team performance in competition. The strength and conditioning coach also works closely with the Athletic Training Staff in the areas of injury prevention and injury rehabilitation.

The 2008-09 year brought another dimension to NJIT athletics with the hiring of **Dan Huff**, CSCS, as the program's first full-time strength and conditioning coach. In addition to the hiring of a full-time coach to coordinate the strength and conditioning, NJIT renovated the weight rooms and purchased new equipment, with the area dedicated to use by the Highlander teams.

Huff previously served five years as strength and conditioning coordinator at Fairleigh Dickinson University in Teaneck, NJ, from 2003 to 2008, working with an 18-sport NCAA Division I program.

Huff was Sports Performance Director for Velocity Sports Performance in Wall, NJ, immediately before accepting his position at NJIT. He is a graduate of William Paterson University of New Jersey. He holds numerous certifications.

Academic Enrichment

NJIT's Center for Academic and Personal Enrichment (CAPE) added a new component in 2007 with the addition of an Associate Director position that was created for the specific purpose of serving the needs of NJIT's student-athletes.

The position focuses on five key areas: academic support, career development, personal development, leadership and community service including the Student-Athlete Advisory Committee and CHAMPS Life Skills for NJIT's nearly 300 student-athletes.

Sandra Taylor filled the post in January 2010, having previously spent her professional career at Manhattan College, which is also her alma mater.

Working at Manhattan, a founding member of the Metro Atlantic Athletic Conference, Taylor was most recently Associate Director of Athletics and Senior Woman Administrator, filling those posts from 1996 to 2010.

For much of that time (1995-2003), she was Chief Athletic Department Compliance Officer. She began her service at Manhattan as Athletic Department Ticket Manager, serving in that capacity from 1993 to 2003.

Sandra Taylor

She served on numerous NCAA, conference and internal college committees, including service on the NCAA Division I Management Council from 2004 to 2007 and as chair of the NCAA Women's Lacrosse Committee from 2002 to 2006.

She earned both her bachelor's degree in secondary education and her master's degree in special education from Manhattan College and is a doctoral candidate in educational leadership at St. Mary's University in Winona, MN.

Sandra and her husband, Ken, who is Associate Commissioner for Men's Basketball and Baseball at the MAAC, reside in Monroe Township, NJ, with their daughters, Katherine, who was born in May 2004, and Samantha, who was born in July 2009.

Tim Wuorinen

In 2008-09, **Tim Wuorinen** moved over to CAPE as eligibility certification officer/academic advisor, having spent the previous five-plus years working in the NJIT Department of Athletics as assistant athletic director and coordinator for compliance and student-athlete services.

Tim Wuorinen was a compliance fellow with the MAAC and he has worked in the athletic offices of four colleges, including Western New England College, his undergraduate alma mater. In addition to his bachelor's degree from Western New England, he earned a master's degree from NJIT.

Tim and his wife, Tara, who is the Academic/Athletic Coordinator at Saint Peter's College, reside in Aberdeen, NJ. Their son, Tyler, was born in May of 2010.

NJIT's Center for Academic and Professional Enrichment, headed by **Dr. Marybeth Boger**, is a resource available to all students within NJIT's Student Services Division. The CAPE provides academic support services and activities to enhance students' academic and professional development and it works with academic and administrative departments to help students develop the necessary analytical and problem-solving skills to become independent learners.

CAPE provides tutoring, student success workshops and testing accommodations.

FOR GPS USERS

The address for Lubetkin Field at J. Malcolm Simon Stadium and the Estelle and Zoom Fleisher Athletic Center is 80 Lock Street, Newark, NJ, 07102

BY CAR

New Jersey Turnpike: Driving North from South Jersey:

Take NJ Turnpike to Exit 13A Newark Airport. After toll stay to left and follow signs to Rt. 1 & 9 North. You will merge onto Rt. 1 & 9 North. Airport will be on right. Follow signs for downtown Newark and Rt. 21 North (left lane exit ramp). Downtown Newark will be in front of you. NYC will be off to your right. Follow Rt. 21 North (McCarter Highway). Turn left on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

New Jersey Turnpike: Driving South from North Jersey:

Take exit 15W to Route 280 West, then follow Route 280 West directions.

Route 280 West: After drawbridge, take Exit 15A (Rt. 21 South - McCarter Highway). Follow Rt. 21 South to Raymond Blvd. Turn right on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Route 280 East: Take Exit 15 (Rt. 21 South - McCarter Highway). Follow Rt. 21 South to Raymond Blvd. Turn right on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Garden State Parkway (North & South bound):

Take exit 145 to Route 280 East, then follow Route 280 East directions.

Route 1 & 9 North & South: Take exit marked Newark, Rt. 21 North (McCarter Highway). Follow Rt. 21 North (McCarter Highway). Turn left on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Route 78 East: Take Route 78 East to Rt. 21 North. Turn left on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Route 22 East: Take Route 22 East to Route 21 North. Turn left on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Route 21 North: Follow Rt. 21 North to Raymond Blvd. Turn left onto Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

Route 21 South: Follow Rt. 21 South (McCarter Highway) to Raymond Blvd. Turn Right on Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

New York Thruway: Thruway to Exit 14A, Garden State Parkway. Follow Garden State Parkway directions above.

George Washington Bridge: NJ Turnpike South to Exit 15W. Follow Route 280 West directions above.

Lincoln Tunnel: West on Rt. 3 to Rt. 21 South. Turn right onto Raymond Blvd. Follow Raymond Blvd. past Warren Street traffic light and Fleisher Athletic Center & Lubetkin Field at J. Malcolm Simon Stadium will be to your right (one soccer goal line runs along Warren Street and the soccer sideline parallels Lock Street).

From Brooklyn, Queens and Long Island: Take Verrazano-Narrows Bridge (Interstate 278) and follow 278 across Staten Island. Cross Goethels Bridge. Follow signs to New Jersey Turnpike North then follow New Jersey Turnpike directions above.

PARKING

Bus/Van Parking: Visiting buses and vans may usually park on Lock Street adjacent to the athletic center. Please be careful not to block the parking space reserved for the doctor.

Visitor Parking: Visitor parking may be reserved in advance through your host. Otherwise, visitor parking at NJIT is available in the NJIT parking deck. Turn right onto Warren Street. Turn right onto Colden Street and proceed around the block to Summit Street. Parking Deck entrance is located to your right before the intersection with Warren Street.

Parking for on-campus athletic contests:

NJIT is offering free off-street parking for fans attending regular season home soccer matches, volleyball games and basketball games. The parking entrance, marked by a sign, is located across Warren Street from the soccer field.

OTHER TRANSPORTATION SYSTEMS

Newark Liberty International Airport: Minutes from the NJIT campus. A minibus (Newark Airlink) or taxi service connects the airport with Penn Station in Newark. Bus, Newark Light Rail, and taxi connections are available at the station.

Newark Penn Station: Located in downtown Newark, connections to the NJIT campus may be made by bus, Newark Light Rail, or taxi.

Morris & Essex Broad Street Station: A five-block walk to the NJIT campus via MLK Boulevard to Central Avenue. Taxi service is also available.

Newark Light Rail: From Penn Station in Newark, take the Warren Street stop for the NJIT campus. The Warren Street stop is on the sidewalk behind the press box for Lubetkin Field at J. Malcolm Simon Stadium.

COACHING STAFF

Mike Cole

Head Coach

Mike Cole is the new head baseball coach at NJIT after spending the previous nine years as an assistant with three different successful Division I programs.

Cole coached at the University of Vermont (2002 to 2004, and 2009); at Manhattan College (2005 to 2008); and most recently at the University of Maine (2010), where the team finished 34-22.

The combined record of the teams he has coached is 261-200-1, with an average of exactly 29 wins a season in nine years. In conference play, Cole's teams were 144-68, a terrific success rate of .679.

He was the top assistant at Manhattan in 2006, when the upstart Jaspers won their first-ever Metro Atlantic Athletic Conference crown, earning an NCAA Division I postseason berth, and advancing to the championship game of the NCAA Regional against perennial superpower the Miami Hurricanes.

Along the way, the Jaspers defeated nationally-ranked Tulane, San Francisco, and Nebraska, the host team in the NCAA Regional. The losing pitcher for Nebraska in the NCAA Regional vs. Manhattan was Joba Chamberlain, who just a year later would dominate major league hitters as a rookie sensation for the New York Yankees.

In his nine seasons as an assistant, Cole's teams posted overall winning records seven times, reaching 31 wins, or more, five times. Eight of the nine teams he has coached notched winning conference records, topped by 21-5 for Manhattan in the MAAC in 2007.

"We are very pleased that Mike will be our next head baseball coach," said Lenny Kaplan in announcing the hire. "Mike is a proven recruiter whose teams have had success at each school where he has coached.

"He has worked for, and learned from, some well-established and successful coaches in the region, and we are excited that his gained knowledge will be used to help NJIT become a winning and competitive program in Division I."

For his part, Cole is looking forward to his new task. "I want to thank Lenny Kaplan for giving me the opportunity to be the head coach at NJIT," said the new coach. "Our goal, from day one, will be to work toward turning NJIT into one of the top programs in the Northeast."

Cole, who hails from Poughkeepsie, NY, and graduated from Arlington High School there, played at Vermont from 1997 to 2001. He was team captain

and Most Valuable Player as a senior, earning all-America East honors at third base in 2001. He graduated from UVM as the program's all-time career leader in games played, doubles, and runs batted in, while ranking second in career hits.

He is a 2002 Vermont graduate, earning a BS majoring in Community Development and Applied Economics, with a minor in Small Business.

He began his coaching career at his alma mater, working under one of New England's most respected coaches, Bill Currier. And in Cole's second year on the staff, 2003, the Catamounts set school records for wins in a season overall (32) and in conference (17), while capturing the America East regular season title.

Cole moved to Manhattan, where he served first under head coach Steve Trimper and then under new head coach Kevin Leighton from 2005 to 2008. In Cole's four seasons at Manhattan, the once-downtrodden Jaspers achieved new heights, emerging as one of the top programs in this part of the country. Their overall record was 127-83-1 (.604) and their MAAC record was 72-27 (.727).

Following the magical run to the NCAA Regional championship game in 2006, the 2007 Manhattan team won 35 games, erasing the school record set just a year earlier. Those Jaspers were 21-5 in the MAAC and advanced to the conference championship game.

After a 31-win season at Manhattan in 2008, Cole returned to Vermont, where the program, in its last year of existence, won 23 games and reached the 2009 America East Conference tournament. As hitting coach, he helped the Catamounts set school records for hits, runs, doubles, and home runs.

Cole was reunited with head coach Steve Trimper at Maine for the 2010 season and the Black Bears posted 34 wins overall and a 17-7 record in the America East.

Cole was recruiting coordinator with all of his teams from 2004 on and Manhattan's 2008 recruiting class was ranked #2 in the Northeast by the authoritative magazine and web site Baseball America.

Mike and his wife, Eliza, who is also a Vermont graduate, are the parents of daughter Payton, who was born in October 2009.

COACHING STAFF

Brian Guiliana
Assistant Coach

One of Mike Cole's first moves after being hired as head baseball coach at NJIT was to hire Brian Guiliana as his top assistant, starting in 2010-11.

With the Highlanders, Guiliana is involved in all phases of the Division I baseball program, including scouting, recruiting and player development in team and individual practice sessions. On the field in games, serves as third base coach.

The resident of Rockaway, NJ, is a well-known figure around the diamonds of New Jersey, having served as a scout for the Florida Marlins since January of 2006. In that role, he covered the entire state of New Jersey and assisted with the rest of the Northeast. As a scout, Guiliana has fostered and maintained strong working relationships with high school and college coaches from throughout the state.

Guiliana, who has coached and given private instruction since 1996, was also active in summer baseball, including the Iron Nine Scout Team that he organized and managed, serving as GM and manager in tournaments

throughout the region and had players selected in the annual major league draft.

He is a graduate of George Washington University in Washington, DC, where he was the recipient of both an academic scholarship and an athletic scholarship. He was honored on the athletic academic honor roll at GW and also served as captain of the baseball team, leading it in home runs as a senior.

Trevor Marcotte
Assistant Coach

Mike Cole named his former University of Vermont teammate Trevor Marcotte as pitching coach for NJIT, starting with the 2011 season.

Marcotte, who was a hometown player at UVM, having been born in Burlington, VT, has been a professional pitcher since graduating from college in 2001.

His nine-year professional career has taken him to numerous stops, as far north and west as Edmonton, Alberta, Canada, and as far southwest as El Paso, Texas.

By coincidence, he pitched in 2010 for the Newark Bears, whose home field, Bears and Eagles Riverfront Stadium, is also the home of the NJIT Highlanders.

COACHING STAFF

He has been both a starting pitcher and a reliever in his professional career, having started 77 games and relieved in 76 games. His best statistical season was 2003, when he was 9-4 with a 3.46 earned run average for the New Jersey Jackals of the Northeast League in his third year of pro ball.

In college, Marcotte had a fine career at Vermont, tying for 10th in school history with 15 career wins. He is ninth on the all-time Catamounts list in appearances (54), 12th in strikeouts (155) and 13th in innings pitched (194.1).

He resides in Mahwah, NJ.

John Sherwood

Assistant Coach

Making his college coaching debut with NJIT in 2011 as a volunteer, John Sherwood is a New Jersey product, having graduated from Bayley Ellard High School in Madison, NJ, in 1990.

He continued playing at Tusculum College in Tennessee under coach Tom Griffin, who is known as an expert at coaching catchers. Sherwood graduated from Rutgers in 1995 and continued for a masters' degree from Seton Hall.

He is employed as a detective with the Essex County (NJ) Sherriff's Department and is also the SWAT team leader for the Sherriff's Department.

He and his wife, Liz, are the parents of daughter, Sarah, and son, Jack, who has served as the bat boy for the Highlanders.

Beginning on September 1, 2009, the entire NJIT athletics program officially gained across-the-board active membership in NCAA Division I, completing a process that began officially in 2003.

NJIT, its teams, and student-athletes enjoy the full benefits of Division I membership, including eligibility for Division I postseason championship competition and the inclusion of the Highlanders among the national Division I leaders in statistics maintained by the NCAA.

Within months of NJIT's active Division I membership, the school won its first national Division I statistical championships, as women's volleyball player Sabrina Baby led the nation in digs per set, while she and her teammates captured the team digs crown for digs, as well.

The NCAA's decision making NJIT a full member of Division I completed a specific timetable that required NJIT and its Department of Athletics to meet a series of annual benchmarks before proceeding to the next step.

NJIT, which previously competed in NCAA Division II, first moved to reclassify its men's soccer program in 2003. The move grew out of November 2002 meetings among President Robert A. Altenkirch, Vice President Joel Bloom, and Director of Athletics Lenny Kaplan. From there, came a proposal from Dr. Altenkirch to the Board of Trustees, which unanimously approved in February 2003 a plan to reclassify men's soccer to Division I. Little more than two years later, the NCAA approved NJIT's proposal to begin advancing its entire program to Division I.

Men's soccer achieved active Division I status in 2005 and NJIT women's soccer became postseason-eligible in 2007. The remainder of NJIT's athletics program also began reclassifying in 2005, with active status taking longer for an entire program than under the single-sport-per-gender track used for the two soccer teams.

In 2005-06 the lion's share of the competition all but men's soccer came at the Division II level. In 2006-07, 2007-08, and 2008-09, NJIT's teams competed at the Division I level and complied full with NCAA Division I rules, but were not eligible for championships at the top level.

Every facet of the program has been enhanced in the reclassification, with a special emphasis placed on student-athlete welfare. Facility upgrades have gone along with sports medicine staff expansion, a strength and conditioning program, and academic enrichment. NJIT has also built a model NCAA Division I rules compliance regimen within its athletics program and across the entire university.

A key late benchmark in reclassification came in the spring of 2009, with NJIT's successful completion of the NCAA Division I certification self-study. An in-depth project that takes approximately one year to complete and involves an on-campus visit from a Peer Review team, Division I certification, renewable every 10 years, is required of all active Division I institutions.

"We completed a major milestone in demonstrating that we have the infrastructure in place and the commitment to compete at the highest levels, not only academically but now athletically as well," said Dr. Altenkirch, who made upgrading athletics a priority from the beginning of his tenure as the seventh President of NJIT in May 2002.

Professor Robert English, the NCAA Faculty Athletics Representative and Interim Dean of the School of Management, added, "I am very impressed with NJIT's student-athletes who have worked hard to meet the challenge of the heightened level of Division I competition and at the same time continued to excel academically, with many athletes earning academic honors and awards and several earning perfect 4.0 GPAs during the semester of competition."

Further, the NJIT Board of Trustees embraced the transition to Division I as part of the university's strategic plan to enhance the quality of campus life in NJIT's transition to a residential university.

Going back to early announcements of NJIT's NCAA reclassification plans, Altenkirch stated: "As NJIT continues to grow academically, and as a residential university, strengthening the athletics program through the transition to Division I will allow us to align the university with our academic peers."

Already, NJIT's teams have competed throughout the United States, taking on opponents from schools that are instantly recognizable for their stature in academics and athletics.

NJIT teams and student-athletes have faced opponents from seven of the eight Ivy League schools (all except for Brown) and all eight Patriot League schools, including Army and Navy, Bucknell, Lafayette, and Lehigh.

In addition, Highlander teams have taken on teams from such famed conferences as the Atlantic Coast Conference, Big East Conference, Big Ten Conference, and Pac 10 Conference, with competition against Missouri of the Big 12 Conference slated for December 2010 in women's basketball.

Two high-profile opponents--Maryland in men's soccer in 2005 and Penn State in men's volleyball in 2008--won national championships following the same regular seasons in which they faced NJIT.

The Highlanders have also competed against members of all of the conferences based in the Northeastern and Mid-Atlantic regions of the United States, including America East, Atlantic 10, Colonial, Metro Atlantic, Mid-Eastern, and Northeast.

The eighth New Jersey-based institution in Division I, NJIT has competed against all seven of its home state peers, including Big East programs Rutgers and Seton Hall.

NJIT's longest-established Division I program, men's soccer, gained its first win against a Big East foe in 2008, defeating Rutgers a year after topping San Diego State for the Highlanders' first win over a Top 25-ranked team.

With its place in Division I officially certified by the NCAA, NJIT is looking ahead to continued growth. That outlook is consistent with President Altenkirch's frequently expressed view that, "the transition to Division I is just that, a transition, a process rather than an event."

For his part, Director of Athletics Lenny Kaplan said: "We are looking forward to being a solid and successful member of Division I and we are excited by the opportunity to write a new chapter in the history of NJIT athletics."

() extra inning game

BEARS & EAGLES RIVERFRONT STADIUM

Home of the NJIT Highlanders

New York Yankees manager Joe Torre visited New Jersey Institute of Technology on December 8, 2005 to herald a new partnership between NJIT's baseball team, the Highlanders, and the Newark Bears.

Torre, a friend of the Bears and of college baseball, was on hand as the Highlanders signed a 10-year contract to play their home games at Bears & Eagles Riverfront Stadium in Newark.

"I think this partnership is nothing but aces," Torre said during a press conference at NJIT. "It's a partnership between two class organizations that will make for nothing but a lot of fun for everyone."

For the previous two years, the Highlanders played their home games at the stadium. But the team's longer-term commitment to play at the stadium comes as NJIT elevates its winning baseball program from NCAA Division II to Division I play.

"NJIT is bringing Division I baseball to this great stadium," said NJIT President Robert A. Altenkirch, "which will generate the highest level of excitement. It's a great partnership that allows NJIT to play intercollegiate baseball in a great facility, maybe the best for college baseball in the country."

Bears and Eagles Riverfront Stadium, the \$30 million state-of-the-art home of the Newark Bears, officially opened to the public on July 16, 1999.

Since then Bears and Eagles Riverfront Stadium has hosted many exciting events including the 2001 Atlantic League All Star Game and the clinching contest of the Bears 2002 Atlantic

League championship. In addition The Den is the home to the annual Pride Bowl sprint football game which benefits Newark's Project Pride each fall.

With a seating capacity of 6,200 Bears and Eagles Riverfront Stadium affords everyone in attendance an up-close view of the action. The ballpark also has 20 luxury suites, a picnic area, a party deck, a concert stage situated behind the outfield wall and a major league-caliber press box featuring two radio booths and two television booths.

The name, Bears and Eagles Riverfront Stadium, honors Newark's rich baseball history. The original Bears were a farm team for the New York Yankees up until 1949 and the Eagles were a very successful Negro League team that played in Newark until 1950.

The speakers noted that the greatest beneficiary of the partnership between NJIT and the Bears is the city of Newark. The Highlanders playing at the stadium will add vitality to the city, as NJIT students and fans stream to see their team.

"NJIT's continuing and growing partnership with the Newark Bears is an integral part of our effort to be fully engaged with our host community in Newark and Essex County," Altenkirch said. "Our students enjoy coming here to watch their team, as well as the Bears, play in this great stadium - a keystone of Newark's renaissance. It's satisfying to work with the Bears, a great partner, and to be a part of their effort to grow minor league baseball in Newark."

More information on Bears and Eagles Riverfront Stadium is available at www.newarkbears.com.

DIRECTIONS TO BEARS & EAGLES STADIUM

FOR GPS USERS

The address of Bears and Eagles Riverfront Stadium is 450 Broad Street, Newark, NJ 07102.

FROM THE SOUTH

New Jersey Turnpike: Follow NJ Turnpike North to exit 15W (Newark / The Oranges). After toll booth follow Route 280 West to exit 15A (Route 21 - Downtown). Follow signs to Route 21 South (McCarter Highway). Make a right onto Route 21 South, 2nd light make a right on to Bridge Street.

Garden State Parkway: Follow the Garden State Parkway North to exit 145 (Route 280) Follow Route 280 East. Stay to the right to exit 15 (Route 21 South - Downtown). At the bottom of the ramp, make right onto Route 21 South, (McCarter Highway). At the 2nd light make a right onto Bridge Street.

FROM THE WEST

Route 280: Follow Route 280 East to exit 15 (Route 21 South - Downtown). At the Bottom of the ramp, make a right onto Route 21 South, (McCarter Highway). At the 2nd light make a right onto Bridge Street.

Route 78: Follow Route 78 East until it splits near Newark Airport, Stay right and follow:

Routes 1&9 South to Route 21 North (McCarter Highway): You will travel across the viaduct into downtown Newark. After crossing the viaduct stay in the left hand turn lane and at the first light make a left onto Miller Street. Make a right hand turn onto Broad Street. Follow Broad Street for about 20 blocks. Make a right on to Bridge Street.

FROM THE NORTH, NORTHEAST, AND NEW YORK CITY

From New York City: From GW Bridge or Lincoln Tunnel follow signs to the NJ Turnpike South. Take NJ Turnpike South to exit 15W. From the Holland Tunnel follow signs to the NJ Turnpike North. Take NJ Turnpike North to exit 15W. Follow directions from exit 15W below.

NJ Turnpike: Follow NJ Turnpike South to exit 15W (Newark / The Oranges). After the toll booth Route 280 West to exit 15A (Route 21 - Downtown). Follow signs to Route 21 South (McCarter Highway). Make a right onto Route 21 South, (McCarter Highway), at the 2nd light make a right onto Bridge Street.

Via Garden State Parkway: Follow Garden State Parkway South to exit 145. Follow signs to Route 280 East. Follow Route 280 East to exit 15 (Route 21 South - Downtown). Make a right at the bottom of the ramp onto Route 21 South (McCarter Highway), at the 2nd light make a right onto Bridge Street.

VIA PUBLIC TRANSPORTATION

The following New Jersey Transit buses provide direct service to Newark Broad Street station, which is less than one block from the stadium: 11, 23, 27, 39, 41, 42, 43, 72, 76, 78, 108, and the Penn Station-Broad Station Shuttle. Broad Street Station can also be accessed by any train on the Essex County Line. Any New Jersey Transit train can be taken to Newark Penn Station.

FROM NJIT (ONE MILE)

From Fleisher Athletic Center (80 Lock Street), travel northeast on Lock (toward New Street) and turn right onto Central Avenue. Follow one-half mile to Washington Street and turn left. After 0.2 miles, Washington becomes Bridge Street. The stadium will be on the left. Turn left onto Route 21, then the first left onto Division Street (one-way). Park on Division.

The NJIT basketball teams will have home games this season in the downtown Newark Prudential Center and on-campus in the recently-renovated gymnasium of the Estelle and Zoom Fleisher Athletic Center.

“The Rock”, located about a mile from NJIT’s University Heights campus, opened in October 2007 as the new home of the National Hockey League New Jersey Devils. NJIT basketball has played there in each of the building’s first two seasons and the Highlanders will return for two doubleheaders in February 2010.

The Fleisher Athletic Center gym, also home to NJIT’s volleyball teams, underwent renovation in the summer of 2006. Included in the makeover was installation of a new floor and baskets and a repositioning of the main playing court.

The gym also got new lighting, a new sound system and new scoreboards, along with entirely new seating for more than 1,000 spectators after the first phase of renovation. Future plans include the addition of more seating, which will nearly double the seating capacity while maintaining the up close-feel that puts spectators next to the action and contributes to the homecourt advantage.

The back bay ‘C gym’ can be sectioned off from the main competition floor, making the facility useful for intramurals, physical education classes and campus recreation time, while being able to host multiple simultaneous events.

The NJIT basketball teams also have full access to the other facilities in the Fleisher Center. These include the fitness area (containing computer-

controlled biking equipment, Cybex resistance units and an indoor track), a free-weight room, four racquetball courts (which can be converted for squash), a martial arts center and an aerobics dance studio.

A six-lane swimming pool in Fleisher Athletic Center is home to the NJIT men’s and women’s swimming teams, while the two varsity tennis squads play on the four outdoor lighted tennis courts behind Fleisher Athletic Center. The NJIT Campus Center houses six regulation bowling lanes.

Lubetkin Field at J. Malcolm Simon Stadium, with its entrance a few feet from the entrance of the Fleisher Athletic Center, is a first-class venue for college soccer.

Outfitted with SprinTurf artificial grass in the

summer of 2004, the complex also includes lighting for night contests, bleacher seating for more than 1,000 spectators, a press box and scoreboard. The installation of the new surface, a walking track and new landscaping was done at a cost of \$1.2 million.

Bears and Eagles Riverfront Stadium, opened in 1999 at a cost of \$30 million and with a seating capacity of 6,200, became the home of NJIT baseball in 2004. In a joint December 2005 press conference, New York Yankees manager Joe Torre was a featured speaker as NJIT and the Newark Bears announced a 10-year partnership that designated the downtown stadium the home of all Highlanders home games for the decade to come.

NJIT, which offers a growing list of club sports, also has a robust intramural program, which makes use of the numerous athletic facilities.

Newark: The Renaissance City

NJIT is located in the heart of New Jersey's largest city, Newark, with a population of over 300,000, making it the 65th-largest city in the United States. A major urban center, Newark is a city on the move.

Attractions in Newark include:

- **The Prudential Center**, a major indoor entertainment and sports venue housing New Jersey Devils hockey, New Jersey Nets basketball, major concerts and other premier events
- **New Jersey Performing Arts Center**
- **The Newark Museum**
- **The Newark Public Library**
- **Symphony Hall**
- **Branch Brook Park**
- **Art galleries, restaurants, shopping**
- **The Ironbound neighborhood**, renowned for its dining and vibrant nightlife
- **An urban architectural laboratory**
- **Professional minor league baseball (Newark Bears)**

Newark: New Jersey's College Town

Some 30,000 undergraduate, graduate, and professional students attend classes in the University Heights section, which is home to NJIT, Rutgers-Newark, the University of Medicine and Dentistry of New Jersey (UMDNJ), and Essex County College.

Adjacent to NJIT to the east, is the Newark campus of Rutgers University and the two schools enjoy an exceptionally close and productive relationship. NJIT and Rutgers students have library privileges at both campuses. NJIT students may also enrich their educational experience by enrolling in Rutgers-Newark courses and in full degree programs in disciplines not offered by NJIT, such as art, music, geology, and psychology.

Each year, the two universities co-sponsor a common season of theatrical productions, as well as 'World Week', a joint program of honors colloquia, and a variety of other cultural and social activities.

NJIT also enjoys a cooperative relationship with its neighbor to the west in the University Heights area, UMDNJ, with several joint degree programs.

New Jersey/New York Metropolitan Region

NJIT and Newark are a part of a region that is a magnet not only to the rest of the United States, but also to the world.

In Newark and neighboring northern New Jersey alone, attractions such as the Prudential Center, New Jersey Performing Arts Center, Meadowlands Sports Complex, Red Bull Arena, Liberty Science Center, and numerous others are minutes away by car and in most cases accessible by public transportation. Literally dozens of shopping malls are within a 20-minute drive of Newark, as well.

Midtown Manhattan, with all that it and the rest of New York City offer, is less than 15 miles from the NJIT campus.

NJIT students have regular access to discount tickets for Broadway shows, museums, concerts, and sporting events.

The school also sponsors weekend trips throughout the northeastern United States, with activities such as skiing, boating, swimming, hiking, and more.

The spectacular Jersey shore is less than an hour away by car and winter sports are within a couple of hours drive to the west and north.

NJIT, with its campus in Newark, NJ, sits in a region that abounds with major professional sports unlike any other in the United States and perhaps in the world. There are nine teams in the major professional leagues (MLB, NFL, NBA, and NHL) located in New York City, northern New Jersey and Long Island.

Only one of nine major teams is more than 25 miles from Newark, but most, including the New Meadowlands Stadium (Giants and Jets NFL football), Madison Square Garden (NBA Knicks, NHL Rangers), are much closer.

The three closest professional sports venues (listed below) are within three miles of NJIT's campus and can be accessed in a matter of minutes at low cost by public transportation, beginning with Newark Light Rail, from campus.

Prudential Center

The home of the National Hockey League New Jersey Devils and the New Jersey Nets of the National Basketball Association is in downtown Newark at the corner of Mulberry and Edison streets, about one mile from the NJIT's University Heights campus.

Prudential Center

Red Bull Arena

Opened in October 2007, 'The Rock' is the centerpiece of the city's Downtown Core Redevelopment Project. In addition to NHL hockey and NBA basketball, it has hosted numerous entertainment and sporting events, including NJIT basketball.

NJIT played basketball in the Rock in the inaugural year and in each year since. Indeed, NJIT hosted the first women's basketball game ever played in the Prudential Center on January 15, 2008 (NJIT vs. Cornell).

The arena, with full-capacity seating for 18,500 spectators, features a 4,800 square-foot exterior LED screen, as well as the latest in ice-surface technology and a gourmet restaurant overlooking the ice for Devils games. The building contains 850,000 square feet of space, 9,000 tons of steel, eight million pounds of structural steel and 25,000 cubic yards of concrete.

Bears and Eagles Riverfront Stadium

Red Bull Arena

Located in Harrison, NJ, just across the Passaic River from Newark and less than three miles from the NJIT campus, the new home of the New York Red Bulls (opened in March 2010) sets the standard for soccer venues across North America.

The state-of-the-art soccer-specific facility is a major component of a multi-billion dollar development.

Red Bull Arena has a number of key design elements which give its seating bowl a close-to-the-action feeling and the unique stadium roof design extends from its leading edge over the entire seating bowl and then curve down to the concourse.

The overall seating capacity for soccer is 25,000, including 30 luxury suites (20 lower level and 10 upper level) and 1,116 club seats. Other amenities include three stadium clubs and two retail outlets.

Bears and Eagles Riverfront Stadium

Bears and Eagles Riverfront Stadium, the \$30 million state-of-the-art home of the professional baseball Newark Bears and since 2004 the home of NJIT Highlanders baseball, officially opened to the public on July 16, 1999. With a seating capacity of 6,200, "The Den" affords fans an up-close view of the action. The ballpark also has 20 luxury suites, a picnic area, a party deck, a concert stage situated behind the outfield wall and a major league-caliber press box.

In December 2005, NJIT and the Bears held a joint press conference to herald a new partnership that includes a 10-year deal that extends Bears and Eagles Riverfront Stadium as the home of NJIT Highlanders baseball.

The History of the Robbie Levine Foundation

The Robbie Levine Foundation was founded to honor the memory of Robbie Levine, a happy, healthy nine-year-old boy whose life revolved around his family, his friends and baseball. Robbie died suddenly on September 27, 2005 when his heart stopped while he was running the bases during a Little League team practice.

A healthy fourth grader, Robbie had experienced a dizzy spell during practice several months earlier, but testing by a pediatric cardiologist did not detect any health problems. When Robbie collapsed on the ball field, no defibrillator was available on the scene and, although his father, Dr. Craig Levine, performed cardiopulmonary resuscitation, Robbie could not be revived. In the wake of this unimaginable tragedy in their lives, Robbie's parents, Jill and Dr. Craig Levine, created the Robbie Levine Foundation to ensure that no other parent, on the ball field or anywhere else, should have to undergo the horror that they have faced.

It is their devotion to fostering heart health and supporting individuals with heart disease through education, support and technology that is the driving force behind the establishment and continuing operations of the Robbie Levine foundation.

The Mission of the Robbie Levine Foundation

The organization's goal is to help ensure that children and adults with heart disease get the care, treatment and support they need to live full, long and healthy lives. Its work is focused on fostering education about heart disease as well as supporting the development of new techniques and technologies that will promote longer lives and improved quality of life for people suffering from heart disease, with a special focus on children.

G R E A T W E S T C O N F E R E N C E

NJIT's first multi-sport conference affiliation at the Division I level, came when the Highlanders aligned with the Great West Conference, which began play as an expanded multi-sport conference in 2009-10.

Member schools are spread over seven states and four time zones, giving each school added exposure in new destinations. The conference, which began as a football-only league, took a giant leap in the collegiate athletic world with expansion to include a full range of sports and new members.

Joining the league in July 2008 were: Houston Baptist, NJIT, North Dakota, South Dakota, Texas-Pan American and Utah Valley. Chicago State accepted the league's invitation to join in October 2008. These seven schools joined football-only members Cal Poly, UC Davis and Southern Utah.

As the conference began planning for multi-team sport competition, several teams were added in women's soccer and baseball to help provide a more diverse and competitive field. Delaware State, Howard and South Carolina State joined as associate members in women's soccer and they formed the East Division, along with NJIT. Northern Colorado and New York Institute of Technology joined as associate members in baseball, while Seattle was added as an associate member in cross country and track and field.

NJIT, Texas-Pan American and Utah Valley had been playing each other in multiple sports, including home-and-home games in men's and women's basketball, since NJIT began Division I competition for the first time in 2006-07.

NJIT and Utah Valley completed their NCAA reclassification and became championship-eligible members of NCAA Division I in September. Houston Baptist announced an agreement with the NCAA that can make HBU an active member of Division I in 2011-12 and North Dakota and South Dakota will be active members of Division I in 2012-13. Texas-Pan American and Chicago State have been active Division I programs for many years.

The expanded conference is not an automatic NCAA Division I championship postseason qualifier, but it offers the benefit of conference championship competition, stable scheduling opportunities and individual recognition for student-athletes through weekly and season all-conference recognition.

The champion of the Great West Conference men's basketball postseason tournament (hosted in 2011 by Utah Valley) receives an automatic bid into the CollegeInsider.com Tournament (CIT) a 16-team national postseason tournament won by Old Dominion in 2009 and Missouri State in 2010 in a game that was televised nationally on Fox College Sports.

Governance of the GWC remains primarily with the member institutions. Each member institution is represented on the President's Council by its CEO. General operations and management of the Conference is conducted by the Joint Council, comprised of Directors of Athletics and Senior Woman Administrators.

NJIT's sports that compete in championships sponsored by the Great West Conference are: baseball, basketball (men's and women's); cross country (men's and women's); track and field (men's and women's; indoor and outdoor); women's tennis; and, women's volleyball.

Two NJIT sports that do not come under the Great West umbrella continue in their existing conferences—men's soccer in the Atlantic Soccer Conference and men's volleyball in the Eastern Intercollegiate Volleyball Association, which has an automatic NCAA postseason berth, claimed in 2008 by eventual national champion Penn State.

The latest conference news and information is available on-line at <http://www.greatwestconference.org/>.
