## MEDIA INFORMATION

This guide is designed to assist in coverage of NJIT basketball. For home games, the NJIT sports information office will provide an official box score 10 minutes following each game. Coach Jim Casciano and requested players will be available for interviews on the basement level of Fleisher Athletic Center following a 10-minute cooling-off period. Radio broadcast requests should me made at least 10 business days prior to the contest.

Requests for coach and player interviews on non-game days should be made through the NJIT sports information office (973-596-8461).

## WHY THE **HIGHLANDERS?**

The home of NJIT, University Heights, was formerly known as the Newark Highlands and NJIT's mailing address used to be High Street, until the thoroughfare was re-named in memory of Dr. Martin Luther King, Jr.

In 2006-07, NJIT athletics, in keeping with its move to NCAA Division I, is unveiling a new graphic identity, which includes a new Highlanders logo. Developed by CN Foundry for NJIT, the logo depicts the traditional Highlander, whose courage and bravery against all odds are the stuff of legend.

NJIT is New Jersey's Science & Technology University. With roots going back to 1881, when it was founded as Newark Technical School, New Jersey Institute of Technology observed its 125th anniversary in 2006.

Located in University Heights, Newark, NJ, home to more than 30,000 college students, NJIT's campus is just 10 miles from New York City.

Playing a critical role in shaping New Jersey's future, NJIT, as a major public technological university, is an important pipeline for the flow of technology into society. The university's educational programs prepare students to be leaders in the technology-dependent economy of the 21st century. University researchers seek new knowledge to improve processes and products for industry. Through public and private partnerships and economic development efforts, the university helps to grow new business ventures that fuel the economy.

In recent years, NJIT has put more than \$83 million toward new and improved buildings and facilities on the 45-acre campus, including biomedical engineering labs and a campus center.

## **INSTRUCTIONAL PROGRAMS**

NJIT offers 92 degree programs — 33 undergraduate, 40 master's and 19 doctoral programs — through six schools: Newark College of Engineering New Jersey School of Architecture College of Science and Liberal Arts School of Management Albert Dorman Honors College College of Computing Sciences

NJIT has 416 full-time faculty; more than 98 percent of whom hold the highest degree in their field. The student-faculty ratio is 13:1, with more than 5,200 undergraduate students and nearly 2,800 graduate students. Our students hail from 33 states and more than 100 countries to rank eighth in the nation for diversity.

Albert Dorman Honors College enrolls more than 500 students who take advantage of honors courses, research opportunities, advising and mentoring. Honors College students have SAT scores ranking in the top 10 percent nationally.

## **RESEARCH**

NJIT drew more than \$75 million in research funding in 2005 and faculty members welcome student collaboration on research projects.

## **ECONOMIC DEVELOPMENT**

NJIT is committed to economic development for Newark and the region. The university operates several outreach centers that provide direct technical assistance to the state's businesses with the goal of helping small and medium-sized companies. NJIT is also the home of New Jersey's oldest and largest incubator facility, and was one of the first institutions in the nation to adopt economic development as a fourth mission element, together with instruction, research and community service. More than 60 technology start-up companies, many of which hire NJIT students, are on campus.

## THE CAREER EDGE

All 10 of the majors with the highest starting salaries for 2005-06 grads are in engineering, computing and business, according to the National Association of Colleges and Employers.

Computer and data processing services lead the list of the 10 fastest-growing occupations in projections compiled by the US Department of Labor. Computer-related employment is expected to grow 117 percent by 2008, according to the Career Guide to Industries.

As technology changes all fields, those with science and technology backgrounds are positioned to lead. Among the CEOs of the S&P 500 companies, engineering is the single largest undergraduate degree and more than half of CEOs have undergraduate degrees in engineering, business management, science, math and computing.

## THE GLOBAL EDGE

The diversity in NJIT's student body and faculty prepares graduates to understand and succeed in the global marketplace. NJIT was named among the world's top 500 universities in a study by the Institute of Higher Education, Shanghai Jiao Tong University.

## THE TECHNOLOGY EDGE

NJIT has been designated one of the nation's most technologically sophisticated universities by Forbes.com and a Princeton Review survey and the university has received major funding from the National Science Foundation and the National Security Agency in recent years.

## THE ACADEMIC EDGE

NJIT has long been a national leader in applying new technologies and approaches to the educational experience. NJIT was a pioneer in requiring computer science for students in all majors and the School of Architecture has led innovations in teaching CAD and digital design. The school's innovative "paperless" first-year program was recently cited by Campus Technology Magazine.

Students have a wide range of educational choices in building an interest-tailored program. Among their options are crossenrolling at neighboring Rutgers to enrich their program with subjects such as music and languages.

NJIT students learn emerging technologies from the researchers behind the technologies, developing valuable marketplace skills. Real-world experience through experiential learning makes graduates more marketable, with many co-op opportunities leading to permanent jobs.

## THE REGIONAL EDGE

New Jersey, with America's highest concentration of pharmaceutical, hi-tech, biotech, and medical device companies is the place to study technology. It has the nation's highest per capita number of engineers and scientists as residents, while also leading in per capita rate of patents issued. Further, the Newark-New York region is a living laboratory for architecture and building sciences, environmental engineering and transportation.

## THE RESEARCH EDGE

NJIT has been designated by the State of New Jersey as the Homeland Security Technology Systems Center and NJIT operates the world-renowned Big Bear Solar Observatory.

## A HISTORY OF NIIT

From the Industrial Revolution to the Information Age, New Jersey Institute of Technology has a rich history with its beginnings developing from the industrial age.

In 1881, an act of the New Jersey State Legislature, recognizing an urgent need, sought a home for what would be the state's technical school. The efforts of Newark's public and private sectors resulted with the opening of Newark Technical School, addressing the state's need.

Over time, the university expanded its curriculum and mission. In 1919, the university established baccalaureate programs in three engineering fields. By the middle of the 20th century, Newark Technical School was transformed into the robust Newark College of Engineering.

The post-war period was one of enormous activity with regular expansion of the campus, as well as the introduction of doctoral level programs. In 1975, with the addition of the New Jersey School of Architecture, the institution had evolved into a technological university, emphasizing a broad range of degrees and dedication to significant research and public service. Newark College of Engineering, stronger than ever, remained intact, but a new university name - New Jersey Institute of Technology - reflected the institution's expanded mission.

A broadened mission called for the creation of a residential campus and the opening of NJIT's first dormitory in 1980 began a period of steady growth that continues. Two new schools were established during the 1980s-the College of Science and Liberal Arts (1982) and the School of Industrial Management (1988). The Albert Dorman Honors College was established in 1994, and the newest school, the College of Computing Sciences, was created in 2001.

## DR. ROBERT A. ALTENKIRCH President

Dr. Robert A. Altenkirch, formerly vice president for research at Mississippi State University (MSU), joined NJIT as the university's seventh president in July 2002. During his tenure as MSU vice president for research, science and engineering, expenditures as reported to National Science Foundation (NSF) increased dramatically-75% from 1997 to 2001.

Prior to his appointment as vice president at MSU, Altenkirch served as professor of mechanical and materials engineering and dean of the College of Engineering and Architecture at Washington State University. From 1988 to 1995, he was professor of mechanical engineering and dean of the College of Engineering at MSU. He also served as professor and chair of mechanical engineering at the University of Kentucky.

In addition to the research program, his responsibilities encompassed congressional relations, intellectual property management and economic development. While dean of engineering at MSU, he led the effort to secure National Science Foundation funding for the establishment of the MSU NSF Engineering Research Center for Computational Field Simulation in 1990. Additionally, the Center was instrumental in helping the State of Mississippi attract a \$1 billion Nissan manufacturing plant.

Altenkirch holds a PhD from Purdue University, an MS from the University of California, Berkeley, and a BSME from Purdue, all in mechanical engineering. He is the author of over 50 publications and nearly 100 presentations in combustion and heat transfer and served as principal investigator for ten Space Shuttle experiments investigating the spread of fire in reduced gravity. He is a Fellow of the American Society of Mechanical Engineers.

DR. JOEL BLOOM Vice President of Academic and Student Services

Dr. Joel Bloom has worked at NJIT since July 1990. In his current position, he is responsible for nine divisions of the university, including Physical Education and Athletics.

Dr. Bloom is also Dean of the Albert Dorman Honors College, which enrolls more than 525 students who are typically in the top 10 percent of their high school graduating class.

Prior to NJIT, Dr. Bloom spent seven years as assistant Commissioner in the New Jersey Department of Education. He is currently the Chair of the NASULGC Council of Chief Student Affairs Officers and the Newark Consortium Board for Pre-College Education.

Dr. Bloom earned his Bachelor's and Master's Degrees from Hunter College, and holds a Master's and Doctorate from Columbia University Teachers College.

LENNY KAPLAN

Director of Athletics

Since taking over as head of NJIT's division of physical education and athletics in August 2000, Lenny Kaplan was instrumental in establishing a sound NCAA Division II program, setting the stage for the reclassification into NCAA Division I.

Kaplan helped solidify and expand an NJIT program that was entering its fourth year in Division II when he arrived in Newark and in late 2002, after discussions with university President Dr. Robert A. Altenkirch and Vice President Dr. Joel Bloom, Kaplan began the task of steering NJIT's programs into Division I, a process that is set to reach fruition with full championship eligibility in 2009-10.

Along the way, NJIT has enhanced the athletics program, particularly in areas that will benefit the student-athletes directly.

The sports offerings have expanded to 19 varsity sports, and since 2004, NJIT has renovated its two main on-campus venues-Lubetkin Field and the Estelle and Zoom Fleisher Athletic Center. The school also signed a 10-year partnership to play its home baseball in the Bears and Eagles Riverfront Stadium and agreed to host basketball in the new home of the NHL's New Jersey Devils.

In 2005-06, NJIT's outstanding home facilities allowed it to host two ECAC Division II postseason championships—women's soccer in the fall and baseball in the spring.

Under Kaplan's leadership, many teams achieved regional and national Division II ranking. Success for several women's teams was unprecedented, with basketball, tennis and soccer all reaching postseason play for the first time.

Additionally, men's volleyball captured a 2007 divisional championship in the Eastern Intercollegiate Volleyball Association.

Before coming to NJIT, Lenny Kaplan served 11 years at Manhattan College, where he began as Manhattan's director of operations and then advanced to assistant athletics director.

Kaplan, a 1988 graduate of St. John's University with a degree in athletics administration, resides in Merrick, NY, with his wife, Nancy, and their sons, Michael and Joshua.

## SPORTS MEDICINE

NJIT's sports medicine staff takes on a new look in 2007-08 with the addition of head athletic trainer Drew Van Dam, MS/ATC/L and assistant athletic trainer Amanda Albright, MS/ATC/L.

Drew Van Dam

They will work with team physicians Louis Rizio, MD, and Rutvik (Rudy) Patel, DO.

Van Dam, a New Jersey native who earned his bachelor's degree from Springfield (MA) College and his master's degree from Ohio University, comes to NJIT from the Atlanta Braves organization, where he was trainer with five different teams from 2001 to 2007.

He began with the Rookie level Gulf Coast Braves and moved up the organizational ladder to the Class AA Mississippi Braves, where he worked in 2006 and 2007.

In addition to his work with the Southern League Braves, he was the Braves' short-season athletic training coordinator, overseeing the athletic trainers for the organization's three short-season squads. He advised the trainers with the short-season teams and also provided medical information to each club, as well as to minor and major league officials with the Atlanta Braves.

In 2007, Van Dam was the Southern Division team trainer in the Southern League All-Star Game and he was honored as South Atlantic League Trainer of the Year in 2003.

In addition to his work in professional baseball, Van Dam has worked on the training staff at the College of New Jersey, as well as on the staff of the Hun School of Princeton and at Wellston (OH) High School.

Amanda Albright comes to NJIT from Bloomsburg (PA) University, where she advanced through the ranks from athletic

Amanda Albright

training graduate assistant, to part-time assistant athletic trainer and then to full-time assistant athletic trainer.

Albright, who earned her bachelor's degree from Slippery Rock (PA) University, received her master's degree from Bloomsburg.

In addition to her athletic training work, she was a Physical Therapy Aide in Slippery Rock and in Lock Haven, PA.

Dr. Rizio is a board certified orthopedic surgeon and is fellowship trained in the field of sports medicine. He is a graduate of Rutgers and after earning his medical degree from the UMDNJ/New Jersey Medical School, Dr. Rizio completed his orthopedic residency at Tufts University in Boston.

He then completed a sports medicine fellowship at the University of Miami. During his fellowship, he was assistant team physician of the Miami Dolphins, University of Miami Hurricanes, and the Florida Marlins.

Dr. Rizio, who specializes in sports-related injuries, practices at the New Jersey Sports Medicine Institute. Prior to starting his own practice, Dr Rizio was the Chief of Sports Medicine at the NJ Medical School from 2000-2005. He currently is a professional (New Jersey Pride professional lacrosse), college, and high school team physician.

Dr. Patel practices in association with Dr. Rizio. A cum laude graduate of New York Institute of Technology, Dr. Patel earned his DO from the New York College of Osteopathic Medicine. He was chief resident in Family Medicine at the Robert Wood Johnson Medical School in New Brunswick, NJ, from 2003 to 2006.

## ACADEMIC ENRICHMENT

NIIT's Center for Academic Professional Enrichment (CAPE) took on a new facet with the hiring of Erika Rigby, whose position as Associate Director of CAPE was created for the specific purpose of supporting the academic and professional enrichment of NJIT's student-athletes.

She focuses on five key areas: academic support, career development, personal development, leadership and community service including the Student-Athlete Advisory Committee and CHAMPS Life Skills for NJIT's nearly 300 student-athletes in 19 intercollegiate sports.

Erika Rigby came to NJIT from Seton Hall University, where she was Associate Director of Academic Support Services for the Pirates athletic program from 2004 until taking her current post in the fall of 2007. At Seton Hall, she worked directly with men's basketball,

women's soccer, women's volleyball and swimming, assisting in class scheduling, tests and tutoring sessions.

Erika Rigby

The Jersey City, NJ, native is working with her fourth Division I program in a career that began in 1997 at Northern Arizona, where she was director of the Academic Enrichment Program.

She returned to her hometown, serving as Academic/Athletic Coordinator at Saint Peter's College, where she was responsible for the academic progress of over 300 studentathletes in 20 sports, from 1999 to 2004.

Rigby holds a bachelor's degree in psychology from Providence College, where she was an intercollegiate runner who earned Big East Conference all-academic honors.

She earned two master's degrees—one from Northern Arizona in educational leadership and one from Saint Peter's in administration and supervision-and she is pursuing her doctorate in higher education at Seton Hall.

A member of the National Association of Academic Advisors for Athletes, she is on the NCAA Initial Eligibility Waiver Committee.

She also worked in the office of former United States Senator Bill Bradley of New Jersey.

NJIT's Center for Academic and Professional Enrichment, headed by Dr. Marybeth Boger, is a resource available to all students within NJIT's Student Services Division. It provides academic support services and activities to enhance students' academic and professional development.

The CAPE works together with academic and administrative departments to help students develop the necessary analytical and problem-solving skills to become independent learners.

CAPE provides individual tutoring sessions, group tutorial sessions, student success workshops and testing accommodations.

New Jersey Institute of Technology athletics is on the move to the top level of college athletics—NCAA Division I.

The reclassification is well underway, with all of the programs that previously competed in Division II moving up to face Division I competition effective in 2006-07.

The NCAA has okayed NJIT to reclassify its entire athletics program to Division I, a four-year process that will bring all Highlander sports to full Division I status and championship eligibility in 2009-10.

Two sports-men's soccer and women's soccer—are paving the way on a faster NCAA track that allows lower division schools to elevate one sport in each gender to Division I in a process that takes two years to complete.

NJIT men's soccer became a full member of NCAA Division I at the start of the 2005 season, when the Highlanders arrived at championship eligibilit. The men's journey to the top level began in 2003. NJIT women's soccer began a similar two-year process in 2005, with full Division I status and championship eligibility arriving in the 2007 season.

The larger process of advancing the entire program to Division I takes four years to complete and includes application, a detailed strategic plan and in-depth annual review of the institution's progress in moving toward its goal of complying with NCAA Division I rules and building a strong, broad-based athletics program.

NJIT's move to Division I has gone quickly since the November 2002 discussions among President Robert A. Altenkirch, Vice President Joel Bloom and Athletics Director Lenny Kaplan.

From there, came a proposal from Dr. Altenkirch to the Board of Trustees, which unanimously approved in February 2003 a plan to reclassify men's soccer to Division I. Little more than two years later, the NCAA approved NJIT's proposal to advance its entire program to Division I.

Along the way, scholarship and operating budgets have been enhanced, with expanded coaching staffs, increased scholarship dollars and upgraded facilities for competition and practice.

Upgrading athletics has been a priority for Dr. Altenkirch since he was selected as the seventh President of NJIT in May 2002.

"As NJIT continues to grow academically, and as a residential university, strengthening the athletics program through the transition to Division I will allow us to align the university athletically with our academic peers," said Altenkirch. "It will also enable us to recruit the best and brightest student-athletes, improve athletics facilities available to the entire NJIT community, gain regional and national visibility, and build strong linkages with students that will carry over to their days as alumni."

**JIM CASCIANO** Head Coach

Entering his 22nd season as a college head coach and his seventh at the NJIT helm, Jim Casciano has achieved the rare distinction of having directed teams at every level of fouryear colleges and at the two-year level.

Last year, Casciano's Highlanders moved up to face NCAA Division I competition, adding another layer to a resume that has seen him lead a two-year program (Valley Forge Military), an NAIA program (Castleton State) and all three NCAA levels-Division III (King's, PA); Division II (St. Michael's, VT, and NJIT) and now the reclassification to Division I by NJIT.

He has produced at least 13 wins in a season at every previous step on the competitive ladder and at three of his stops he revitalized downtrodden programs.

Entering 2006-07 with a 5-4 record coaching lower division teams against Division I teams, Casciano led NJIT to wins in its first two games at the new level, upsetting defending Metro Atlantic Athletic Conference regular season champion Manhattan and then Rider.

One of the few other coaches with stops at all levels is Michigan coach John Beilein, who directed programs from the junior college level (Erie CC) and all three levels of the NCAA (Division III Nazareth; Division II Le Moyne; and three other Division I programs before Michigan).

Casciano reached two career milestones on the same night, posting his 250th career college head coaching win and his 200th win at the helm of a four-year program. The historic win came in the 2005-06 season opener against St. Michael's of Vermont in the West Chester (PA) tournament. Interestingly, the game was near his hometown of Bridgeport, PA and 88 of his career wins came as coach of St. Michael's from 1983-89.

Casciano has enjoyed success with the Highlanders. In his second season at NJIT (2002-03), his Highlanders finished first in the Central Atlantic Collegiate Conference and were finalists in the ECAC Division II Tournament. That season's 18 wins were the most in NJIT's Division II era. The prior season, Casciano was co-CACC Coach of the Year, after guiding the Highlanders to second place.

Immediately before coming to NJIT, he won the 2001 ECAC Division III South Championship with King's. After amassing 12 combined wins in his first three seasons, the Monarchs turned the corner in the fourth year (13-11; 1st winning season in 6 years) and then improved to 19-9 in 2000-01, before Casciano left for NJIT.

The turnaround at King's was typical of Casciano's career. In his first head coaching position at Castleton (VT) State in 1982-83, he established a school record for victories (14) and earned a berth in the NAIA tournament.

Next, he moved within Vermont to Division II St. Michael's. After two rebuilding years, his 1985-86 squad was 19-10 and Casciano was conference Coach of the Year. The next year brought a conference title, SMC's first 20-win season (20-11) in 12 years and earned the program's first NCAA tournament berth in 20

The following year (1987-88), St. Michael's was ranked first in the nation in Division II in preseason by Sports Illustrated. Again, after the initial rebuilding, Casciano compiled four consecutive winning seasons with St. Michael's.

Returning to the head coaching ranks in 1993, he took over at Valley Forge Military College in Wayne, PA, compiling a 50-19 record and sending five players on to Division I scholarships in three seasons.

Casciano began coaching as a volunteer assistant to the legendary Rollie Massimino at Villanova. He has also assisted at Delaware, Washington & Lee, Old Dominion and Radford, plus three years as a women's basketball assistant at Temple.

He played college basketball at Drexel University, where he earned a bachelor's degree in business administration in 1977. The Bridgeport, PA, native resides in Basking Ridge, NJ, with his wife, Daphne.

**Notes:** Records are listed for seasons as a head coach; 2001-02 record, per NCAA statistical rules, reflects on-court record and does not include a forfeit victory later awarded by administrative action; NCAA statistical rules recognize records at four-year institutions only. Valley Forge Military College (1993-96) competes at the two-year level.

WENDELL ALEXIS Assistant Coach

After a long stellar playing career, Wendell Alexis joined the coaching staff at New Jersey Institute of Technology in August 2005.

NJIT is the first college coaching stop for Alexis, but he has spent his entire adult life in the game, having starred at Syracuse, where he graduated in 1986, and continuing through a professional career that lasted nearly 20 years until his retirement in 2004.

A graduate of Christ the King High School in Queens, Alexis was one of the top players in New York City before heading off to Syracuse. He scored 1,212 career points and grabbed over 400 rebounds, earning all-Big East for teams that consistently ranked among the best in the country.

Drafted by the Golden State Warriors in 1986, he spent his professional career overseas, starring in some of the top foreign leagues, including Spain, Italy, Israel, France, Germany and Greece. He was an all-star in the Euroleague (leading club teams from throughout the continent) from 1998 to 2001.

In 1998, he represented the United States as a member of the bronze medal-winning Team USA at the World Basketball Championships in Athens, Greece.

He began his pro career in Spain and moved on to Italy, where he played from 1988 to 1993, earning Italian league Most Valuable Player honors in 1993. Joining the famed Maccabi Tel Aviv team, Alexis was MVP of the Israeli league when his team captured the league and cup championships in 1993-94.

He later played in France and then moved to Germany, where he played from 1996 to 2002. Along the way, Wendell was a three-time MVP of the German league and in 1998 was third in the voting for Athlete of the Year in Berlin, a remarkable feat, considering the overwhelming popularity of soccer in that country.

After a year in Greece, Alexis returned to Germany, where he led his new team, Mitteldeutscher, to its best record and its firstever European trophy—the 2004 FIBA Cup. As a result, he capped his career as MVP for the Western region of FIBA, basketball's world governing body.

Having gone out at the top of his game as a player, Wendell Alexis spent a year coaching as an assistant at St. Joseph High School in Metuchen, NJ, and also as head coach of the MSU Skyliners 16u AAU team, before joining the staff at NJIT. At St. Joseph, he worked extensively with Andrew Bynum, who went directly from high school to the NBA's Los Angeles Lakers.

He and his wife, Nixia, reside with their three sons in Hillsborough, NJ.

STEVE BRODZINSKI Assistant Coach

Steve Brodzinski joined the NJIT coaching staff in the summer of 2007 after spending two seasons as an assistant at Clarion University of Pennsylvania, working for the highly-respected head coach Ron Righter, who has nearly 350 career college wins.

Brodzinski, who earned a master's degree from Clarion in 2007, is a 2005 graduate of New York University, where he was a four-year varsity player, competing on some of the top Division III teams in the Northeast region.

He is also a graduate of longtime Philadelphia high school basketball powerhouse Roman Catholic High, where he started on the Philadelphia Catholic runner up as a

He is the son of Barry Brodzinski, a former college star at La Salle and a longtime coach renowned as a shooting guru. The elder Brodzinski is featured in numerous videos produced and sold by the famed Five-Star Basketball Camp, as well as working one-onone with many athletes, including NBA pros.

Noting the younger Brodzinski's basketball roots, as well as a passion for coaching that has seen him work as a counselor at Five-Star and at the Duke University camp in his brief career, NJT head coach Jim Casciano said: "Steve grew up in a basketball family, so he has been around the game and coaching since he was four or five years old. He is someone who will bring enthusiasm and a great work ethic to our program, as well as the ability to relate to our players."

**DAVID GRANDE** Assistant Coach

David Grande, who joined the staff as a volunteer assistant coach for the 2005-06 season, has made his living as a successful businessman, but the game of basketball has never been far from his life.

A 1975 graduate of West Chester University in Pennsylvania, he played basketball there after a year as a student and basketball player at Drexel. He later earned an MBA in marketing from Widener.

He is President of Vitusa Products, Inc. of Berkeley Heights, NJ, and before that was Executive Vice President of Vitusa Corporation of Englewood Cliffs, NJ, from 1981 to 1996. Going back farther he held various corporate managerial positions.

At the same time, Grande coached school and high school basketball from 1986 to 2005, including from 1997 to 2005 at Oratory Prep in Summit, NI.

He is also a co-founder and board member of Cherished Creations, a non-profit, New Jersey-based charity that helps create better lives for seriously ill children and the underprivileged.

Founded in 1997, it fulfills its mission primarily through a national wish/request program. NJIT head coach Jim Casciano, a college teammate of Grande's at Drexel in the 1970's, has been a supporter of Cherished Creations since its inception and the 2004-05 Highlanders team adopted the wish of a 12year old girl who was stricken with leukemia.

David and his wife, Angela, reside in Millington, NJ. They are the parents of three children: Daniela, Bianca and Anthony.

## **DEDICATED TO EXCELLENCE**

"NJIT: The Total Program"

NJIT's basketball coach, Jim Casciano, has dedicated his coaching philosophy to the development of the total person. In the classroom, on the court, and in everyday life, Casciano believes his student-athletes will develop into well-rounded, purposeful individuals through a commitment to four areas: (1) Teaching Values; (2) Building Dreams; (3) Formula for Success; and (4) the Head Coach – Casciano's individual role. The following is a summary of Casciano's philosophy:

## **Teaching Values**

- Discipline
- Work ethic
- Communications
- Learning
- Caring
- Decision-making

## **Formula for Success**

- Recruit good people
- Develop a strong work ethic
- Emphasis on academic achievement
- Develop basketball skills
- Develop broad-based support
- Community involvement
- Create a "family atmosphere"

## **Building Dreams**

- Gain respect
- Build a tradition
- Campus and community support
- 100% graduation rate
- Championship teams
- NCAA post-season play

### **Head Coach**

- Dedication
- Enthusiasm
- Knowledge
- Positive role model
- Discipline
- Faith
- Family

## JIM CASCIANO'S "TEN-STEP APPROACH"

to Academic Success

In his more than 20 years as a head coach, Jim Casciano has a near 100-percent graduation rate of players who have remained in his program for four years. He credits this to his "Ten-Step Approach" to academic success, listed below:

- 1. Place sincere emphasis on academics.
- 2. Develop communications with the academic community.

- 3. The assignment of an assistant coach as academic coordinator, with other coaches serving as academic coaches.
- 4. Academic Coaches Time Management Program. (Each coach is assigned players and is responsible for monitoring their academic progress. Use of time management sheets and meeting individually with players weekly or bi-weekly.)
- 5. Letters of introduction to professors.
- 6. Monthly Grade Sheets Each player must personally have his instructors fill out grade sheets and return them to the academic coordinator.
- 7. Mandatory Study Hall Held Monday through Thursday, two hours each day, eight hours per-week. Mandatory for all freshmen, transfer students, and any player with less than a 2.75 GPA.
- 8. Effective use of tutors, counselors, advisors, and resource materials.
- 9. Effective use of summer school sessions. (Helpful in students maintaining credits and staying on course to graduate.)
- 10. Emphasis on class attendance and minimizing conflicts with classes as a result of practice, games, and travel.

**Head Coach:** Jim Casciano (Drexel '77) **Assistant Coaches:** Wendell Alexis, Stephen Brodzinski, David Grande

<sup>\*—</sup>Gary Garris is ineligible for competition in 2007-08 under NCAA transfer regulations. He will be eligible in 2008-09 with junior playing eligibility.

With over 20 years as a college head coach, Jim Casciano has seen too much to make a lot of bold predictions about his team as it prepares for its second season of Division I competition. He knows it will take time to get where he wants his team to go.

"When you go through rebuilding, you have to start at some point," he said. "Because we do it the traditional way (recruiting and developing high school seniors) we're at that point in terms of being a Division I program.

"I think we're a better team. We're more versatile. We can run more and shoot better and we can play nine players a game without a big drop off when we go to the bench."

Still, he is cautious. "You can't say we've turned the corner until we actually do," said Casciano. "This is more like the beginning of turning the corner.

"The freshmen are learning quickly and the team has bonded on and off the court. They come to play every day and they demand a lot of themselves and they demand a lot of each other."

Casciano turned around three different downtrodden college programs before coming to NJIT. "I've seen this before," said the coach. "You can see the pieces of the puzzle starting to make sense."

Entering 2006-07, no Highlanders had ever played in a Division I game. This year, NJIT returns five players, including three starters, who played in the Division I debut.

The Highlanders will integrate the returnees with as many six freshmen. Indeed, NJIT will feature one of the youngest backcourts in the country. Every pure guard but one, senior Courcy Magnus, is playing college basketball for the first time.

Some of the youth at guard is balanced by the fact that the freshmen are part of the second class recruited strictly for Division I competition. "We've improved the backcourt in terms of depth, shooting, basketball IQ and toughness," said Casciano. "But there's no substitute for experience."

NJIT's first season of Division I competition began as if it had sprung from Casciano's most optimistic dreams.

The season opened at Manhattan, the defending Metro Atlantic Athletic Conference regular season champion. Trailing by 14 early in the second half, the Highlanders rallied to turn the game into a nail-biter over the last 12 minutes. NJIT went ahead for good, 56-55, on senior Clayton Barker's driving layup with 31 seconds left.

Following up the eyebrow-raising season opener, the Highlanders made the area basketball community take notice with a 63-52 win over Rider in NJIT's first home game.

NJIT awakened from the dream in the next game at Columbia and the Highlanders did not win again until January. But the season never became a nightmare, as NJIT remained competitive in most of the remaining contests.

Most of this year's proven talent resides in the frontcourt, where all three starters return. Kraig Peters, the top returning scorer (11 ppg), is on the wing, while the top rebounder, Nesho Milosevic is back on the inside after averaging a team-best 7 rpg and scoring 8.3 ppg. Dan Stonkus (41 blocked shots, 5.8 rpg, 5 ppg) is back in the middle.

Peters combines a strong work ethic with legitimate Division I skills, which points to further improvement. Having produced 18 double-figure scoring games a year ago, he aims to bump that consistency to a higher level, upping his scoring average.

Milosevic, from the Eastern European Republic of Montenegro, first came to the United States in 2005 and played a season of junior college ball at Sierra College in California.

He made a smashing debut for the Highlanders, coming off the bench for 12 points and 11 rebounds in the upset of Manhattan. He went on to post 10 double-figure scoring games and seven double-figure rebounding games. "He can be a consistent double-double for us," said Casciano

Stonkus, at 6-9, 245, matched up with just about every post player NJIT faced in his

freshman season. Having redshirted his first year in college, Stonkus has improved steadily. "We're definitely a different team for the better when he's in," said Casciano. "If he stays on the floor and becomes more assertive on offense, he's another player who can give us doubledoubles."

NJIT rotated Milosevic, Stonkus and thensenior Marc Milbourne Swan in the two interior spots a year ago. Milbourne Swan is gone, but the Highlanders have two more options this season in freshman Paulius Skema and junior Kyle Edwards.

A former age group national player in Lithuania, Skema came to the United States last year and attended prep school, where he received substantial mid-major Division I recruiting interest. He averaged 16 points and 9 rebounds for Veritas Christian, which faced top prep teams.

Edwards, out all last year due to injury, is 6-6, 225, with fluid athletic ability. "Kyle could make a difference," said Casciano. "He runs like a perimeter player and he can play inside or out. We didn't have that type of player last year."

Seniors Brett Johnson and Courcy Magnus are back. Johnson, a good defender, is a small forward. Magnus, who has been both a starter and reserve at guard, can make shots from the perimeter.

The rest of the active roster is made up of freshman guards. Tyler Epps, Justin Garris, Brendon Lyn and Jheryl Wilson are competing for starting roles and all are likely to be in the regular playing rotation.

Lyn, Wilson and Epps are all involved at the point, while Epps and Wilson could slide over to the two guard spot, joining Garris.

Lyn, a pure point guard brings speed, quickness and court sense that has raised the team's energy level. Wilson was a combo guard at nearby St. Benedict's Prep, which ranked fifth nationally and second in the East in USA Today's final polls during his senior year.

Like Lyn, Wilson has the toughness that comes with having grown up in a basketball scene where there is no room for the word "casual". Lyn cut his teeth in Mt. Vernon, NY, which borders the Bronx. Wilson came up in an area that is home to perennial national high school powers St. Benedict's, St. Anthony's of Jersey City and St. Patrick's of Elizabeth, all of whom produce multiple major Division I prospects every year.

Epps, too, comes from a great tradition, having starred at North Mecklenburg High near Charlotte, NC. North Meck had five alumni active in Division I ball in 2006-07. Epps is a good shooter to go with his strength, quickness and high basketball IQ.

Garris, a gifted athlete, likely has his best basketball ahead. At 6-3, he can fill a role similar to the one being played by Highlander senior Kraig Peters.

Walk-on Rey Jefferson, who had a fine high school career, is also on hand. Another walkon, Anthony Collier is expected to redshirt.

Johnathan Dixon, in his third year at NJIT, is an injury-related question mark. He was hurt during his freshman season, missed all of 2006-07 and has not practiced this preseason.

"Our expectations for the season are higher (than 2006-07), but tempered," said Casciano. "The schedule is probably tougher, but we still want to win more games."

The increased demands will be clear in game two, when the Highlanders fly to Seattle to take on Washington in the opening round of the Dick's Sporting Goods NIT Season Tip-Off tournament on November 13.

"Playing in the NIT is definitely an honor," said Casciano. "It's going to be a special experience playing a perennial top 30 team on its home court. But that's a tall order for any team."

Not much later (December 6), the Highlanders will host the first of their four games in the new Prudential Center, the downtown Newark home of the NHL New Jersey Devils. The Highlanders will entertain Army, Rutgers, Cornell and Texas-Pan American at "The Rock" in December and January home games.

On January 5, NJIT will visit one of college basketball's most famed sites, the Palestra, for a game in Philadelphia against Penn.

With so many new things—the NIT Season Tip-Off, hosting games in the Prudential Center and playing in the historic Palestra the Highlanders are set for a season Division I season as compelling as the first. "Our team and coaches are looking forward to every one of these experiences," said the coach.

Senior Guard 6-4 191 Mt. Laurel, NJ, Lenape HS

**Team captain** ... combines high energy and quickness with a good shooting touch and is a proven player ... works hard in the weight room and on individual skill development. ... poised to become NJIT's 21st 1,000-point career scorer (needs 162). ... ranks 9th all-time in three-pointers made and 6th in attempts.

Jim Casciano on Peters: "He proved last year that he can play at this level. He was our second-leading scorer last year and he's our top returning scorer, so he'll be more in the spotlight. He should increase his points per game and field goal percentage if he stays within himself. If he does that, he's a good player."

2006-07: Made a fine adjustment to Division I, averaging 11 ppg in DI after netting 11.7 ppg in DII the year before. He improved his 3-point and FT percentages and reached personal game highs in

The NJIT basketball teams will have home games this season in the downtown Newark Prudential Center and on-campus in the newly-renovated gymnasium of the Estelle and Zoom Fleisher Athletic Center.

"The Rock", located about a mile from NJIT's University Heights campus, opened in October 2007 as the new home of the National Hockey League New Jersey Devils. Highlander basketball will play four dates-two standalone men's games and two men's women's doubleheaders-in the 18,500-seat state-ofthe-art arena with dates in December 2007 and January 2008.

The Fleisher Athletic Center gym, also home to NJIT's volleyball teams, underwent renovation in the summer of 2006. Included in the makeover was installation of a new floor and baskets and a repositioning of the main playing court. The gym also got new lighting, a new sound system and new scoreboards, along with entirely new seating for more than 1,000 spectators after the first phase of renovation. Future plans include the addition of more seating, which will nearly double the seating capacity, while maintaining the up close-feel that puts spectators close to the action and contributes to the homecourt advantage.

The back bay 'C gym' can be sectioned off from the main competition floor, making the facility useful for intramurals, physical education classes and campus recreation time, while being able to host multiple simultaneous events.

The NJIT basketball teams also have full access to the other facilities in the Fleisher Center. These include the fitness area (containing computer-controlled biking equipment, Cybex resistance units and an indoor track), a free-weight room, four racquetball courts (which can be converted for squash), a martial arts center and an aerobics dance studio.

A six-lane swimming pool in Fleisher Athletic Center is home to the NJIT men's and women's swimming teams, while the two varsity tennis squads play on the four outdoor lighted tennis courts behind Fleisher Athletic Center. The NJIT Campus Center houses six regulation bowling lanes.

Lubetkin Field, with its entrance a few feet from the entrance of the Fleisher Athletic Center, is a first-class venue for college soccer. Outfitted with SprinTurf artificial grass in the summer of 2004, Lubetkin Field also includes lighting for night contests, bleacher seating for more than 1,000 spectators, a press box and scoreboard. The installation of the new surface, a walking track and new landscaping was done at a cost of \$1.2 million.

Bears and Eagles Riverfront Stadium, opened in 1999 at a cost of \$30 million and with a seating capacity of 6,200, became the home of NJIT baseball in 2004. In a joint December 2005 press conference, New York Yankees manager Joe Torre was a featured speaker as NJIT and the Newark Bears announced a 10-year partnership that cemented the downtown stadium as the home of all Highlanders home games for the decade to come.

NJIT, which offers a growing list of club sports, also has a robust intramural program, which makes use of the numerous athletic facilities.

## **NEWARK: THE** RENAISSANCE CITY

NJIT is located in the heart of New Jersey's largest city. A major urban center, Newark is a city on the move. Some 30,000 undergraduate, graduate and professional students attend classes in University Heights at the city's four public institutions of higher learning: NJIT, Rutgers-Newark, the University of Medicine and Dentistry of New Jersey, and Essex County College.

Attractions in Newark's revitalized downtown include:

- The Newark Museum
- New Jersey Performing Arts Center
- The Newark Public Library
- Symphony Hall
- Branch Brook Park
- Art galleries, restaurants, and shopping
- An urban architectural laboratory
- Professional minor league baseball (Newark Bears)
- New Jersey Devils Hockey and other events at the Prudential Center

## **NEWARK: NEW JERSEY'S COLLEGE TOWN**

Adjacent to NJIT is the Newark campus of Rutgers University.

NJIT and Rutgers enjoy an exceptionally close and productive consortial relationship within the thriving University Heights section of Newark. NJIT and Rutgers students have library privileges at both campuses. NJIT students may also enrich their educational experience by enrolling in Rutgers-Newark courses and in full degree programs in disciplines not offered at NJIT, such as art, music, geology and psychology.

Each year the two universities co-sponsor a common season of theatrical productions, as well as 'World Week,' a joint program of honors colloquia, and a variety of other cultural and social activities.

## **NEW JERSEY/ NEW YORK** METROPOLITAN REGION

The NJIT campus is in one of the nation's most exciting cultural and business regions. Advantages include:

- . Minutes from New Jersey Performing Arts Center, Liberty Science Center, Meadowlands Sports Complex, Manhattan and all of its attractions, Newport Center Mall, and Secaucus Outlet Center.
- Discount tickets for Broadway shows, museums, concerts, and sporting events.
- Weekend trips throughout the Northeastern United States: skiing, boating, swimming, hiking, and more.
- The spectacular Jersey shore is less than one hour away.

## PRUDENTIAL CENTER

The new home of the National Hockey League New Jersey Devils is going up in downtown Newark at the corner of Mulberry and Edison streets, about one mile from the NJIT's University Heights campus.

Opened in October 2007, 'The Rock' is set the centerpiece of the city's Downtown Core Redevelopment Project. In addition to the world's best hockey, it will be home to numerous entertainment and sporting events, including NJIT basketball. In December 2007 and January 2008, NJIT will host two standalone men's games and two men's/women's doubleheaders in North America's newest major arena.

The arena, with seating for 18,500 spectators, features a 4,800 square-foot exterior LED screen, as well as the latest in ice-surface technology and a gourmet restaurant overlooking the ice for Devils games. The building will contain 850,000 square feet of space, 9,000 tons of steel, eight million pounds of structural steel and 25,000 cubic yards of concrete.

## **RED BULL PARK**

The Red Bulls of Major League Soccer and AEG New York broke ground in September 2006 for Red Bull Park, a 25,000-seat soccer stadium and a major component of the Harrison MetroCentre development, located across the Passaic River, about two miles from NIIT's campus.

The \$100 million 'soccer specific' stadium will feature a 360-degree European-style roof/canopy covering the majority of the seating. When completed in the summer of 2008, Red Bull Park will be the home of the MLS Red Bulls, international soccer and other events. AEG developed and operates 'soccer specific' stadiums in California and in Illinois.

The multi-billion dollar Harrison MetroCentre will feature three million square feet of office space; 3,500 residential units; 300,000 square feet of retail space and over 10,000 decked parking spaces when completed.

## **BEARS AND EAGLES RIVERFRONT STADIUM**

Bears and Eagles Riverfront Stadium, the \$30 million state-of-the-art home of the professional baseball Newark Bears and since 2004 the home of NJIT Highlanders baseball, officially opened to the public on July 16, 1999. With a seating capacity of 6,200, "The Den" affords fans an up-close view of the

action. The ballpark also has 20 luxury suites, a picnic area, a party deck, a concert stage situated behind the outfield wall and a major league-caliber press box.

In December 2005, NJIT and the Bears held a joint press conference to herald a new partnership that includes a 10-year deal that extends Bears and Eagles Riverfront Stadium as the home of NJIT Highlanders baseball.

#### **NJIT PICKED FOR 2007 NÍT SEASON TIP-OFF** TOURNAMENT

Highlanders will open vs. Washington Huskies in Seattle on November 13

New Jersey Institute of Technology will step into big-time men's college basketball in a big way this season as one of 16 teams picked for the 2007 Dick's Sporting Goods NIT Season Tip-Off Tournament.

The Highlanders, in their second season of NCAA Division I competition, will venture to Seattle for the four-team West Regional, which will be played on November 13 and 14.

NJIT will take on the host Washington Huskies in the Bank of America Arena on November 13 in an 11 pm (EST) start, CM Newton, chair of the NIT Committee announced.

The other two teams in this year's Western Regional are Utah and High Point (NC), who will play in Seattle on November 13 before the NJIT-Washington game. The regional championship and consolation games will take place in the Bank of America Arena on November 14

(7:30 pm EST consolation and 10:30 pm EST championship).

"This is a tremendous honor for us as such a young program to be involved with an event with this level of competition and prestige," said NJIT coach Jim Casciano. "It's a great chance for us to learn, grow and get exposure for our University. It's something we're going to cherish."

Other regional round hosts are: Syracuse (East); Ohio State (Midwest); and, Texas A&M

Founded in 1985 as the Preseason NIT, the 2007 tournament will bring the four regional champions to Madison Square Garden for semifinals (Nov. 21) and championship and consolation (Nov. 23).

ESPN will provide coverage of the event, televising games on ESPN, ESPN2 and ESPNU. Three Madison Square Garden games will be on ESPN2 and the fourth will be on ESPN.

The University of Washington, 19-13 overall a year ago, including 17-2 at home, returns four starters from last year's Pacific 10 Conference contender.
