MEDIA INFORMATION

This guide is designed to assist the media in their coverage of New Jersey Institute of Technology women's basketball. The NJIT sports information services department will provide an official NCAA box score within 15 minutes after the conclusion of each home game, with play-by-play available upon request.

All requests for interviews with players and coaches must be made through the sports information office, 973-596-8324. Following games, Coach Lusk and selected players will be available on the floor following a 10-minute cooling-off period. All visiting radio broadcast requests should be made at least two weeks in advance.

CREDITS

The 2004-05 NJIT Women's Basketball Guide is a production of the NJIT sports information services department in cooperation with the Office of University Communications. Writing and interior design by Mark Mentone, with assistance from Nicole Ballou '03, on Adobe PageMaker 7.0. Editorial assistance by Kim Bowen Lusk and Joe Caiola '80. Except where indicated, photography by PM Studios, Edison, New Jersey, and James Clarke, Mahwah, New Jersey. Printing by Prestige Graphics, Union, New Jersey.

WHY THE HIGHLANDERS?

The area on which the NJIT campus sits, now known as University Heights, was formerly called the Newark Highlands. The mailing address of the university used to be on High Street, until the road was re-named Dr. Martin Luther King Jr. Boulevard.

500/11-04

2004-05 Outlook

The NJIT women's basketball team enters the 2004-05 season with high expectations after a .500 finish in conference play last season. The Highlanders are in search of their third straight trip to the conference playoffs with high hopes of a better outcome after two first-round exits.

The Highlanders only lost two seniors to graduation last season. **Lindsey Reggo** is the second all-time lead-

ing scorer in program history, while fellow four-year starter **Kate Duncan** finished her career third in rebounding. With only one senior and four juniors on the 13-player preseason roster, youth is still an issue.

"We still have a very young team," said third-year head coach Kim Bowen Lusk. "However, last year's freshmen have seen a lot of playing time and gained significant experience. We are very happy with our newcomers and we feel that they will help replace what we lost to graduation as well as make us a more complete team then in the past."

The team set improving its physical strength as their most important goal of the offseason, once again

with an eye toward winning games in March.

"We were plagued with numerous injuries last season," Lusk said. "We're very confident if we can keep everyone healthy that we can be much more competitive this year."

The Highlanders have another tough non-conference schedule, competing against two 2003-2004 NCAA Tournament teams, Bryant College and American International College, as well as their home opener against regionally-ranked Assumption College.

BACKCOURT

Sophomore **Kelly Crowe** [13.0 ppg, 5.1 rpg, 3.4 spg

in 2003-04) is coming off a record-setting freshman season and will be looked towards as the leader in the backcourt. Fellow sophomore **Aine O'Dwyer (pictured)** [8.6 ppg, 7.6 rpg] who also had a strong rookie year, will be used both in the backcourt and with her back to the basket. Juniors **Jessica Vogel** [7.6 ppg, 4.2 rpg] and **Breanna Turnbull** [2.6 ppg, 1.2 rpg] are expected to be significant parts of the playing rotation.

Newcomers Jackie McCaffrey and Lisa Neira are lead candidates for the point quard position and will be competing for significant minutes in the backcourt. "Jackie is extremely quick, she's great in fast break situations and can finish going to the basket," Lusk said "while Lisa sees the floor well and can hit the three consistently. They are both great additions to our backcourt." Sophomore Erika Velez (5.9 ppg, 4.2 rpg, 3.5 apg) should also see important minutes at point quard.

FRONTCOURT

The Highlanders are extremely excited to have junior **Selena Kershaw** (6.2 ppg, 6.5 rpg in 2002-03) back on the court after a year off from a broken ankle.

"We had great expectations for Selena last year and they were cut short due to injury," Lusk said.

"She is our best post player and is stronger then ever. She has matured tremendously after a year on the sideline and she has higher expectations for herself this year."

Junior transfer **Emese Gyuricza** will also compete for significant minutes at center. "Mesi is a great addition in the center at 6-foot-5," Lusk said. "We lost so many close games last season where our opponents just dominated us in the paint; between Selena and Mesi that should not be an issue this year."

Also competing for time in the frontcourt will be senior **Jackie Lupo** (10.0 ppg, 39 three-pointers), sophomores **Eti Ebewo** (1.6 ppg, 1.5 rpg) and **Denaya Hemingway** (3.9 ppg, 3.4 rpg) and newcomer **Kate Daumer**.

DR. ROBERT A. ALTENKIRCH President

Dr. Robert A. Altenkirch, formerly vice president for research at Mississippi State University (MSU), joined NJIT as the university's seventh president in July 2002. During his tenure as MSU vice president for research, science and engineering, expenditures as reported to National Science Foundation (NSF) increased dramatically—75 percent from 1997 to 2001.

Prior to his appointment as vice president at MSU, Altenkirch served as professor of mechanical and materials engineering and dean of the College of Engineering and Architecture at Washington State University. From 1988 to 1995, he was professor of mechanical engineering and dean of the College of Engineering at MSU. He also served as professor and chair of mechanical engineering at the University of Kentucky.

In addition to the research program, his responsibilities encompassed congressional relations, intellectual property management and economic development. While dean of engineering at MSU, he led the effort to secure National Science Foundation funding for the establishment of the MSU NSF Engineering Research Center for Computational Field Simulation in 1990. Additionally, the Center was instrumental in helping the State of Mississippi attract a \$1 billion Nissan manufacturing plant

Altenkirch holds a PhD from Purdue University, an MS from the University of California, Berkeley, and a BSME from Purdue, all in mechanical engineering. He is the author of over 50 publications and nearly 100 presentations in combustion and heat transfer and served as principal investigator for ten Space Shuttle experiments investigating the spread of fire in reduced gravity. He is a Fellow of the American Society of Mechanical Engineers.

DR. WILLIAM N. ANDERSON Acting Vice President for Academic and Student Services

Dr. William N. Anderson was appointed acting Vice

President for Academic and Student Services effective April 1, 2004. In this position, he is responsible for nine divisions of the university, including Physical Education and Athletics.

Anderson was initially hired at NJIT in 1987 as Dean of Enrollment Planning. In 1990, he was promoted to Assistant Vice President for Aca-

demic Affairs and has served as Associate Vice President for Enrollment Services since 2000.

Prior to joining NJIT, Anderson held admissions/marketing positions at Marist College and Ohio Dominican College.

Anderson owns a BA degree in English from Marist, Master's degrees in student personnel services from Indiana State University and in computer science from Marist, and MBA and PhD degrees from Rutgers University.

LENNY KAPLAN *Director of Athletics*

After serving 11 years in the athletics department at Division-I Manhattan College, **Lenny Kaplan** was appointed

in August 2000 to head NJIT's division of physical education and athletics.

Kaplan is a 1988 graduate of St. John's University with a degree in athletics administration. After three years as Manhattan's director of operations, he served as an assistant athletics director with the Jaspers from 1991-2000.

Kaplan serves on the NCAA Division II Nominating Committee, the D-II Women's Soccer New England Regional Advisory Committee, and the Eastern Intercollegiate Volleyball Association Executive Committee.

He resides in Merrick, New York, with his wife, Nancy, and their sons, Michael and Joshua.

Coaching Staff

KIM BOWEN LUSK

Head Coach

Beginning her third season as head coach of the NJIT women's basketball team is Southern Connecticut State University graduate **Kim Bowen Lusk**. The Highlanders have reached the

Central Atlantic Collegiate Conference playoffs each of the last two years.

sis 20 en th 28

Lusk was elevated from interim coach to assistant athletics director and head coach in April 2003. Her promotion followed a 2002-03 season in which the Highlanders tied the school record for victories with a 16-12 record and reached the semifinals of the CACC Tournament. She owns an overall record of

Lusk was named interim coach in September 2002 after one season as first assistant under Sharon Manning Beverly. Prior to NJIT, she spent two years as a graduate assistant at the University of New Haven.

Lusk was a four-year swing player and two-year captain at Southern Connecticut State, graduating with a bachelor's degree in psychology in 1999. She holds the Owls' school record for assists in a game, dishing out 15 against Albertus Magnus College during her junior season.

A native of Valhalla, New York, Lusk earned a master's of business administration with a concentration in sports management from New Haven in 2001. She is also NJIT's senior woman administrator. She resides in Dobbs Ferry, New York, with her husband, Jim. The couple is expecting its first child in early April.

NICOLE BALLOU

Assistant Coach

Nicole Ballou joined coach Lusk's staff in 2003 directly off a successful playing career at NJIT.

A four-year starter at point guard, Ballou is the program's all-time leader in assists (396) and steals (193) and is tied for the record in games played (109). She never missed a game in her collegiate career.

A two-year captain, she was named the Highlanders' Co-Most Valuable Player as a senior, leading NJIT to a CACC playoff berth. She holds the school record with 12 assists in a game on January 15, 2002, versus Felician College. She was NJIT's 2002 recipient of the New Jersey Association of Intercollegiate Athletics for Women (NJAIAW) Woman of the Year Award.

Ballou received a bachelor's degree in management from NJIT in 2003, and is pursuing an MBA in operations management. She also assists the sports information office and coordinates the Junior Highlander Kids Club.

Ballou resides in her native Staten Island, New York. She played scholastically at Notre Dame Academy.

RENA GOBLE Assistant Coach

Rena Goble is the newcomer to the Highlander staff.

It is her first collegiate coaching position.

Goble played collegiately at Southern Connecticut State University, where she was a teammate of coach Lusk for two seasons. In 57 games for the Owls, she accumulated 481 points and 266 rebounds. She has been an instructor at

basketball camps hosted by Harwick College, Fairfield University, and Southern Connecticut.

Goble received a bachelor's degree in marketing from Southern Connecticut in 2002. She is the manager of Kids Foot Locker in the Paramus Park mall, and was named District Rookie Manager of the Year in 2002.

Goble was raised in Oneonta, New York. She is the all-time leading scorer at Charlotte Valley Central School in Davenport, New York, scoring 2,121 points in her scholastic career. She lives in Lodi.

DAYANA ESCALANTE ANGELICA SEPULVEDA Managers

NJIT sophomores Dayana Escalante and Angelica

Sepulveda are in their first seasons as women's basketball managers.

Escalante, of Waldwick, has a 3.9 grade-point average

as an architecture major. She is a 2003 graduate of Paramus Catholic High.

Sepulveda is a member of NJIT's cross-country team. Also an architecture major, she attended Dickinson High in Jersey City. She carries a 3.2 GPA.

JACKIE McCAFFREY

Freshman • Guard • 5-8 Bronx, N.Y./The Masters School

Jaclyn Brett McCaffrey... locked in a three-way point-guard battle.

Prior to NJIT: Won four league championships with Masters under coach Peggy Green... three-time team MVP and two-year captain... team was state independent runner-up her senior season... also won a team league championship in cross-country... played AAU ball for the Westchester Lady Knicks.

Personal: Daughter of Tom and Lisa McCaffrey... majoring in biology... born 1/8/86 in Yonkers, N.Y.

Coach Lusk on McCaffrey: "Jackie is a great athlete with a tremendous work ethic. She sees the floor well and can go to the basket strong. She adds depth to the point guard position and will be challenged to earn a starting role."

Lisa Marie Neira... combination guard will use her court vision and shooting range to compete for immediate playing time.

Prior to NJIT: All-county and two-time all-league for coach Danny Brown at Cresskill High... teams won two league titles and three state sectional titles... began scholastic career at Holy Angels High... played for coach Randy Westrol on the AAU Central Jersey Hawks.

Personal: Daughter of Bill and Lori Neira... management major... born 6/20/86 in Englewood, N.J.

Coach Lusk on Neira: "Lisa is one of our best outside shooters. She has the ability to create on both ends of the court. She is a smart player who should contribute immediately in both the one and two positions."

Katherine Elizabeth Daumer... is the Highlanders' only freshman in the frontcourt.

Personal: Daughter of Dreux and Erin Daumer... management major... born 9/7/85 in Philadelphia, Pa.

Coach Lusk on Daumer: "Kate adds depth in the small forward department. She is a talented player with the ability to score in the paint as well as hit the outside shot."

Emese Gyuricza... transfer from Division-I Centenary (La.) College is believed to be the tallest player in program history.

Personal: Daughter of Ferenc Gyuricza and Livia Paksi... architecture major... born 8/5/84 in Szolnok, Hungary.

Coach Lusk on Gyuricza: "Mesi adds height to our program, and may be the tallest player in our conference. She is an athletic center who has the ability to run the floor and be a solid rebounder. She should make her presence known on both ends of the court."

About NJIT

NJIT's history spans from the Industrial Revolution to the Information Age. Newark was a factory town when the tuition-free evening school was founded in 1881 to support local industries. From the early days, science and techology have been the engines fueling the university's development.

Over time, the university both anticipated and responded to change by expanding its curriculum and mission. Most notably, in 1919, the university established baccalaureate programs in three engineering fields. By 1975, NJIT offered a broad range of undergraduate and graduate degrees. All programs included significant research and public service components with the goal of providing an academic environment that fostered intellectual depth and

breadth, as well as social responsibility.

Today, continuing a fourfold mission of instruction. search, economic development and public service, NJIT is among the leading comprehensive technological universities in the nation. The university offers 100 degree programs in 27 undergraduate majors and 30

graduate specialties. It has state-of-the-art facilities on a 45-acre campus in Newark and a solar observatory in Big Bear, California.

NJIT's Six Colleges

While there has been tremendous growth and diversification at NJIT, its roots are in engineering education. For more than eight decades, Newark College of Engineering (NCE) has been preparing engineering students to use science, mathematics, technology and problem-solving skills to design, construct, test and maintain products, services, and information systems.

The New Jersey School of Architecture, established in 1973, is one of the largest architecture schools in the nation and is nationally recognized for the innovative integration of computer technology into the design curriculum.

The College of Science and Liberal Arts (CSLA), established in 1982, is moving into the forefront of many national research activities from solar astronomy to computational and mathematical modeling. CSLA provides students with the skill sets for the professional marketplace including literacy in the computer, mathematical, physical and biological sciences, as well as the traditional liberal arts disciplines.

The School of Management, established in 1988, combines the best of the traditional business disciplines (e.g., finance, marketing, accounting, e-commerce) with the power of information and technology management to develop professionals who can manage and communicate effectively.

The Albert Dorman Honors College, established in 1993, offers one of the nation's leading technologically oriented honors programs for students who are prepared to undertake a rigorous and individualized course of study.

The College of Computing Sciences, established in 2001, encompasses a depart-

ment of computer science, focused on both the theoretical areas of computing and the development of new computer technology, as well as a department of information systems, concentrated on applications involving people and organizations.

NJIT: New Jersey's Technological Research University

NJIT plays a critical role in shaping New Jersey's future. As a major public technological university, NJIT is an important conduit through which technology flows into society. The university's educational programs prepare students to be leaders in the technology-dependent economy of the 21st century. University researchers seek new knowledge to improve processes and products for industry. Through public and private partnerships and economic development efforts, the university hopes to grow new business ventures that fuel the economy.

In addition to its degree programs, the university offers a full spectrum of resources in technological specialties including:

- enrichment programs for professionals through the Division of Continuing Professional Education.
- programs designed to attract elementary and high school students through careers in technology.
 - extensive eLearning courses.
- selected courses available at locations throughout New Jersey.

A strong applied research program is the very core of the technological research university, generating the advances that fuel a knowledge-based economy. NJIT's research programs have grown exponentially over the past 25 years, from a total expenditure of \$500,000 in 1978 to more than \$75 million today. The university conducts cut-

ting-edge applied research through multidisciplinary centers of excellence, specialized high-tech labs, and partnerships with industry to develop commercially promising new technologies.

NJIT is committed to economic development for Newark, New Jersey, and the region. The university operates several outreach centers that provide direct technical assistance to the state's businesses with the goal of helping small and medium-sized companies become more productive, profitable, and globally competitive.

NJIT is also the home of New Jersey's oldest and largest incubator facility, and was one of the first institutions in the nation to adopt economic development as a fourth mission element. The university's research centers work in collaboration with corporate partners to speed technology transfer, and numerous outreach programs help businesses become more productive. Extensive initiatives in transportation research based at the university focus on the infrastructure New Jersey needs for a thriving economy.

CAMPUS CENTER CONSTRUCTION COMPLETE

NJIT's **Campus Center**, opened in September 2004, is the final phase of a three-year, \$83.5-million campus makeover. It is designed to be the focal point of a vibrant campus life. The center features a soaring, two-story circular dining hall, sheathed in gleaming, double-pane, energy-conserving glass.

The construction program encompasses two tall multi-story buildings – the East Building, housing the Albert Dorman Honors College, the Department of Biomedical Engineering, and administrative offices, and the center itself, featuring dining

Christina Crovet

facilities, student offices and lounges, game rooms, campus store and ballroom. The two buildings are connected by a sky bridge, and a European-style piazza featuring a 55-foot clock tower.

In an effort to improve communication and socialization on the 45-acre urban campus, the architects scaled the complex to create the feel of an outdoor room and give more spatial definition to the campus. "To promote socializing, we wanted to encourage people to move through spaces, not around them," said **Thomas Levering**, associate partner at the architectural firm Gwathmey Siegel.

The new round campus dining hall adds height and verve plus doubles the dining space. Its smoky gray glass provides a strong presence on the campus green. A 28,000

square-foot, rooftop grass terrace crowns it. Paths around it reroute traffic to the center. The clock tower stands adjacent to one entrance to the center. The donated tower features a carillon that will chime hourly.

The construction represents a major portion of more than a \$100 million facilities improvement plan. Completed are additional residence space and an additional building for the business incubator program. Upgrades in the works include two of NJIT's oldest buildings, Cullimore and Eberhardt halls, located adjacent to the complex.

"A good-looking center tells a visual story," said Levering. "A center with the right stuff says life outside the classroom is as important as life within it."

Newark: The Renaissance City

NJIT is located in the heart of New Jersey's largest city. A major urban center, Newark is a city on the move. Some 30,000 undergraduate, graduate and professional students attend classes in University Heights at the city's four public institutions of higher learning: NJIT, Rutgers-Newark, the University of Medicine and Dentistry of New Jersey, and Essex County College.

Attractions in Newark's revitalized downtown include:

- The Newark Museum
- New Jersey Performing Arts Center
- The Newark Public Library
- · Symphony Hall
- · Branch Brook Park
- · Art galleries, restaurants, and shopping
- · An urban architectural laboratory
- Professional minor league baseball (Newark Bears)

Newark: New Jersey's College Town

Adjacent to NJIT is the Newark campus of Rutgers University.

NJIT and Rutgers enjoy an exceptionally close and productive consortial relationship within the thriving Uni-

versity Heights section of Newark. NJIT and Rutgers students have library privileges at both campuses. NJIT students may also enrich their educational experience by enrolling in Rutgers-Newark courses and in full degree programs in disciplines not offered at NJIT, such as art, music, geology and psychology.

Each year the two universities co-sponsor a common season of theatrical productions, as well as "World Week," a joint program of honors colloquia, and a variety of other cultural and social activities.

New Jersey/New York Metropolitan Region

The NJIT campus is in one of the nation's most exciting cultural and business regions. Advantages include:

- Minutes from New Jersey Performing Arts Center, Liberty Science Center, Meadowlands Sports Complex, Manhattan and all of its attractions, Newport Center Mall, and Secaucus Outlet Center.
- Discount tickets for Broadway shows, museums, concerts, and sporting events.
- Weekend trips throughout the Northeastern United States: skiing, boating, swimming, hiking, and much more.
- The spectacular Jersey shore is less than one hour away.

The Newark Museum is located on Washington Street just minutes from the NJIT campus. [Photo courtesy Newark Museum.]

New Jersey Institute of Technology

Athletics Facilities

The NJIT men's and women's basketball teams play their home games in the main gymnasium of the Estelle and Zoom Fleisher Athletic Center.

The facility, with seating for approximately 1,500 spectators, is also home to the Highlanders' men's and women's volleyball teams. The back bay, "C gym," area can be sectioned off from the main floor, making the entire gymnasium useful for intramural events, physical education classes, and campus recreation time, and able to host multiple events simultaneously.

The basketball teams also have access to all

of the other facilities in the athletic center. These include the fitness area (containing computer controlled biking equip-

ment, Cybex resistance units, and an indoor track), two weight rooms (free-weight and hammer-strength), four racquetball courts (which can be converted for squash), and a martial arts/fencing center. A six-lane swimming pool is home to NJIT's men's and women's swimming teams, while the two varsity tennis squads host meets and practices at four lighted outdoor hardcourt tennis courts behind the building. The newly-renovated campus center houses six regulation bowling lanes.

The NJIT soccer teams play and practice at **Lubetkin Field**, a lighted, campus facility, with a newly-installed SprinTurf surface, adjacent to the Fleisher Center. A \$1.2 million renovation project in the summer of 2004 added the artificial grass, a walking track and new landscaping. Lubetkin contains a midfield scoreboard and pressbox facilities, with seating to hold approximately 1,000 spectators. It is also used for club sports and intramural events, as well as by the NJIT baseball team for practice.

Bears & Eagles Riverfront Stadium in downtown Newark, the facility of the Newark Bears of the independent Atlantic League of Professional Baseball Clubs, became the full-time home of Highlander baseball in 2004.

NJIT offers several club sports, including cricket, judo, men's lacrosse and track and field, plus a full intramural program.

Each NJIT student must pass two physical education classes as a graduation requirement. Offerings include aerobics, archery, bowling, dance, fencing, golf, karate, swimming, skiing, strength training and conditioning, volleyball and water safety.

Top: The newly-renovated Lubetkin Field; Center: Fleisher Athletic Center gymnasium; Right: Hammer-strength weight room.

Central Atlantic Collegiate Conference

When NJIT reclassified its athletic programs to NCAA Divison II from Division III in 1997, the Highlanders joined

the New York Collegiate Athletic Conference (NYCAC). After three years of NYCAC play, the Highlanders began a new era in the fall of 2000 when they became members of the **Central At-**

lantic Collegiate Conference [CACC].

For its first two seasons in the league, NJIT was the only CACC school with full NCAA membership. The others were in a period of transition while switching affiliation from the National Association of Intercollegiate Athletics (NAIA).

However, six other CACC members completed their provisional requirements in 2002, four more did so in 2003, and this year, Wilmington (Del.) College culminates the transition by making its NCAA debut. As a conference, the CACC was voted into active status by the NCAA membership committee in July 2004. Shortly thereafter, it was granted an automatic qualifier into the NCAA Championships in four sports, including men's and women's basketball.

The CACC has allowed the Highlanders to save tremendously on travel time and costs. NJIT is centrally located in the conference, and four other member schools are in New Jersey, allowing the opportunity to foster local rivalries.

More information is available on the Internet at www.caccathletics.org. The site was redesigned in the summer of 2004.
