## MEDIA INFORMATION

This guide is designed to assist the media in their coverage of New Jersey Institute of Technology women's soccer. The NJIT sports information services department will provide an official NCAA box score 10 minutes after the conclusion of each home game.

All interview requests should be made through the sports information office, 973-596-8324. Following games, coach Radu and selected players will be available on the field following a 10-minute cooling-off period. All visiting radio broadcast requests should be made at least two weeks in advance.

## CREDITS

The 2004 NJIT Women's Soccer Guide is a production of the NJIT sports information services department in cooperation with the Office of University Communications. Writing and non-cover design by Mark Mentone on Adobe PageMaker 7.0. Editorial assistance by Tim Wuorinen and Alyssa Radu. Except where indicated, photography by PM Studios, Edison, N.J. Printing by Prestige Graphics, Union, N.J.

## WHY THE HIGHLANDERS?

The area on which the NJIT campus sits, now known as University Heights, was formerly called the Newark Highlands. The mailing address of the University used to be on High Street, until the road was re-named Dr. Martin Luther King Jr. Boulevard.

# 2004 Outlook

There is a great deal of newness surrounding the New Jersey Institute of Technology women's soccer team in 2004, and it begins at the top. The Highlanders have brought in a young, energetic staff in first-year head coach **Alyssa Radu**, 25, and assistant **Tiffany Williams**, 23.

"I enjoy a challenge and I was proud that the athletic department trusted me at such a young age to run a Division II program," Radu said. "I saw lots of potential and upside in both the athletic department and the campus."

Adding to the excitement surrounding the team has been the renovations to its on-campus home, Lubetkin Field, which now sports brand new SprinTurf artificial grass, and the addition of six freshmen with considerable club soccer experience. Radu has been impressed with the way the team's veteran players have handled all the change.

"The girls have bought into everything that we have asked them to," she said. "We're progressing faster than I thought we could due to their positive attitude. They are very smart individuals and very coachable. The freshmen have great work ethic, skill and character, and they've raised the level of play of the returnees. They will be a good foundation for our program."

According to Radu, the invigorated upperclass is eager to set lofty goals. However, she has been careful not to place unnecessary pressure on a squad with only three seniors.

"I think if we can win more games

than last year (5-12-1), it will be a successful season," Radu said. "We also hope to place a couple of players on the all-conference team and to surprise some people in our league."

**GOALKEEPERS:** Fifth-year senior **Kate Duncan**, the starter in 2002, is back after a season away from the game. Starting defender **Elizabeth Leichtnam** is the back-up.

**DEFENDERS:** This is NJIT's deepest unit, with a quality mix of freshmen and veterans. Senior **Sarah Buchala** and Leichtnam are the outside backs. Promising freshman **Erika Taugher** will start at sweeper, but will likely be involved in the offense in re-start situations. Junior **Erin Salgado** will start at defensive midfield after playing central midfield her first two years. Senior **Jennifer Herrera** and newcomer **Stephanie Macias** will make their biggest impact along

the back line.

**MIDFIELDERS:** The central midfield will be anchored by rookies **Amanda Bayiokos** and **Katie Hepfinger**. Taugher and Salgado will also appear in those positions throughout the season. On the flanks, junior **Jayna Misiunas**, last year's team assist leader, and freshman **Keri-Anne Macaulay** will see the majority of the time. Also contributing will be freshman **Leigh Reynolds**.

**FORWARDS:** Sophomore **Maura Finn (pictured)**, Reynolds and Hepfinger will be the frontrunners. Junior **Jillian Misiunas** is also in the mix.

## **DR. ROBERT A. ALTENKIRCH**

### ***President***

Dr. Robert A. Altenkirch joined NJIT as the university's seventh president in July 2002.

Altenkirch, a mechanical engineer, was most recently the vice president for research at Mississippi State University (MSU). He brings to NJIT a wide background in university research, teaching and administration, with extensive experience in program development, fundraising and federal relations. He has served the University of Kentucky as professor and chair of mechanical engineering, MSU as professor and dean of the College of Engineering, and Washington State University as professor and dean of the College of Engineering and Architecture.

Altenkirch holds a PhD from Purdue University, a MS from the University of California-Berkeley, and a BSME from Purdue. A native of St. Louis, Missouri, he is a member of several professional societies and a reviewer for numerous professional journals.

## **DR. WILLIAM N. ANDERSON**

### ***Acting Vice President for Academic and Student Services***

Dr. William N. Anderson was appointed acting Vice President for Academic and Student Services effective April 1, 2004. In this position, he is responsible for nine divisions of the university,

including physical education and athletics.

Anderson was initially hired at NJIT in 1987 as Dean of Enrollment Planning. In 1990, he was promoted to Assistant Vice President for Academic Affairs and has served as Associate Vice President for Enrollment Services since 2000.

Prior to joining NJIT, Anderson held admissions/marketing positions at Marist College and Ohio Dominican College.

Anderson owns a BA degree in English from Marist, master's degrees in student personnel services from Indiana State University and in computer science from Marist, and MBA and PhD degrees from Rutgers University.

## **LENNY KAPLAN**

### ***Director of Athletics***

After serving 11 years in the athletics department at Manhattan College,

**Lenny Kaplan** was appointed in August 2000 to head NJIT's division of physical education and athletics.

Kaplan is a 1988 graduate of St. John's University with a degree in athletics administration. After three years as Manhattan's director of operations, he served as an assistant athletics director with the Jaspers from 1991-2000.

Kaplan is a member of the NCAA Division II nominating committee, the D-II Women's Soccer Regional Advisory Committee, and the Eastern Intercollegiate Volleyball Association Executive Committee.

He resides in Merrick, New York, with his wife, Nancy, and their sons, Michael and Joshua.

# Coaching Staff

## ALYSSA RADU

### Head Coach

**Alyssa Radu** was named the fifth head women's soccer coach at NJIT in January 2004. It is her first collegiate head coaching position.

Radu comes to NJIT after two years as an assistant at Centenary (N.J.) College. During her tenure, the Cyclones posted a record of 21-14-1, twice set the school record for victories, and won the 2003 Women's Intercollegiate Athletic Conference championship. She is also a coach/trainer with the Jersey Knights Soccer Club in New Brunswick and the U.S. Premier Soccer Company in Oceanport.

Radu was a four-year starter for Division-I Rutgers University from 1997-2000. While in college, she played on a national championship team for the Player Development Academy, and was a member of the semi-pro New Jersey Splash of the W-League.

A native of western Pennsylvania, Radu played scholastically at Pittsburgh's Upper St. Clair High School, where her nationally-ranked teams were a state finalist and two-time district finalist. She also won 10 State Cups and one regional title with the Beadling Soccer Club and was a six-year member and regional pool player in the Olympic Development Program.

While coaching at Centenary, Radu was the director of public relations and marketing at Global Technology Operations in Downingtown, Pennsylvania. She received a bachelor of arts degree in journalism/media studies from Rutgers in 2001, and resides in New Brunswick.

## TIFFANY WILLIAMS

### Assistant Coach

**Tiffany Williams** joins the Highlanders' coaching staff after a season as an undergraduate assistant at Rutgers University.

Williams was a high-school All-American for Downingtown (Pa.) High. At the club level, she won five state cups and was a regional finalist with nationally-recognized FC Delco, and was recently inducted into that club's Hall of Fame. While in college, she won a national championship with the soccer club Player Development Academy before suffering a career-ending head injury as a sophomore.

Williams holds a NSCAA National Diploma and a USSF 'E' coaching license. She received a bachelor's degree in economics from Rutgers in 2004, and is pursuing an MBA from NJIT. She resides in North Brunswick.

# About NJIT

NJIT's history spans from the Industrial Revolution to the Information Age. Newark was a factory town when the tuition-free evening school was founded in 1881 to support local industries. From the early days, science and technology have been the engines fueling the university's development.

Over time, the university both anticipated and responded to change by expanding its curriculum and mission. Most notably, in 1919, the university established baccalaureate programs in three engineering fields. By 1975, NJIT offered a broad range of undergraduate and graduate degrees. All programs included significant research and public service components with the goal of providing an academic environment that fostered intellectual depth and breadth, as well as social responsibility.

Today, continuing a **fourfold mission of instruction, research, economic development and public service**, NJIT is among the leading comprehensive technological universities in the nation. The university offers 100 degree programs in 27 undergraduate majors and 30 graduate specialties. It has state-of-the-art facilities on a 45-acre campus in Newark and a solar observatory in Big Bear, California.

## NJIT's Six Colleges

While there has been tremendous growth and diversification at NJIT, its roots are in engineering education. For more than eight decades, **Newark College of Engineering (NCE)** has been preparing engineering students to use science, mathematics, technology and problem-solving skills to design, construct, test and maintain products, services, and information systems.

The **New Jersey School of Architecture**, established in 1973, is one of the largest architecture schools in the nation and is nationally recognized for the

innovative integration of computer technology into the design curriculum.

The **College of Science and Liberal Arts (CSLA)**, established in 1982, is moving into the forefront of many national research activities from solar astronomy to computational and mathematical modeling. CSLA provides students with the skill sets for the professional marketplace including literacy in the computer, mathematical, physical and biological sciences, as well as the traditional liberal arts disciplines.

The **School of Management**, established in 1988, combines the best of the traditional business disciplines (e.g., finance, marketing, accounting, e-commerce) with the power of information and technology management to develop professionals who can manage and communicate effectively.

The **Albert Dorman Honors College**, established in 1993, offers one of the nation's leading technologically oriented honors programs for students who are prepared to undertake a rigorous and individualized course of study.

The **College of Computing Sciences**, established in 2001, encompasses a department of computer science, focused on both the theoretical areas of computing and the development of new computer technology, as well as a department of information systems, concentrated on applications involving people and organizations.

## NJIT: New Jersey's Technological Research University

NJIT plays a critical role in shaping New Jersey's future. As a major public technological university, NJIT is an important conduit through which technology flows into society. The university's educational programs prepare students to be leaders in the technology-dependent economy of the 21st century. University researchers seek new

knowledge to improve processes and products for industry. Through public and private partnerships and economic development efforts, the university hopes to grow new business ventures that fuel the economy.

In addition to its degree programs, the university offers a full spectrum of resources in technological specialties including:

- enrichment programs for professionals through the Division of Continuing Professional Education
- programs designed to attract elementary and high school students through careers in technology.
- extensive eLearning courses.
- selected courses available at locations throughout New Jersey.

**A strong applied research program** is the very core of the technological research university, generating the advances that fuel a knowledge-based economy. NJIT's research programs have grown exponentially over the past 25 years, from a total expenditure of \$500,000 in 1978 to more than \$75 million today. The university conducts cutting-edge applied research through

multidisciplinary centers of excellence, specialized high-tech labs, and partnerships with industry to develop commercially promising new technologies.

**NJIT is committed to economic development** for Newark, New Jersey, and the region. The university operates several outreach centers that provide direct technical assistance to the state's businesses with the goal of helping small and medium-sized companies become more productive, profitable, and globally competitive.

NJIT is also the home of New Jersey's oldest and largest incubator facility, and was one of the first institutions in the nation to adopt economic development as a fourth mission element. The university's research centers work in collaboration with corporate partners to speed technology transfer, and numerous outreach programs help businesses become more productive. Extensive initiatives in transportation research based at the university focus on the infrastructure New Jersey needs for a thriving economy.

## Campus Center Construction Complete

*NJIT's Campus Center, opened in September 2004, is the final phase of a three-year, \$83.5-million campus makeover. It is designed to be the focal point of a vibrant campus life. The center features a soaring, two-story circular dining hall, sheathed in gleaming, double-pane, energy-conserving glass.*

*The construction program encompasses two tall multi-story buildings – the East Building, housing the Albert Dorman Honors College, the Department of Biomedical Engineering, and administrative offices, and the center itself, featuring dining facilities, student offices and lounges, game rooms, campus store and ballroom. The two buildings are connected by a sky bridge and a European-style piazza featuring a 55-foot clock tower.*

*In an effort to improve communication and socialization on the 45-acre urban campus, the architects scaled the complex to create the feel of an outdoor room and give more spatial definition to the campus. "To promote socializing, we wanted to encourage people to move through spaces, not around them," said Thomas Levering, associate partner at the architectural firm Gwathmey Siegel.*

*The new round campus dining hall adds height and verve plus doubles the dining space. Its smoky gray glass provides a strong presence on the campus green. A 28,000 square-foot, rooftop grass terrace crowns it. Paths around it reroute traffic to the center. The clock tower stands adjacent to one entrance to the center. The donated tower features a carillon that will chime hourly.*

*The construction represents a major portion of more than a \$100 million facilities improvement plan. Completed are additional residence space and an additional building for the business incubator program. Upgrades in the works include two of NJIT's oldest buildings, Cullimore and Eberhardt halls, located adjacent to the complex.*

*"A good-looking center tells a visual story," said Levering. "A center with the right stuff says life outside the classroom is as important as life within it."*

# About Newark

## Newark: The Renaissance City

NJIT is located in the heart of New Jersey's largest city. A major urban center, Newark is a city on the move. Some 30,000 undergraduate, graduate and professional students attend classes in University Heights at the city's four public institutions of higher learning: NJIT, Rutgers-Newark, the University of Medicine and Dentistry of New Jersey, and Essex County College.

Attractions in Newark's revitalized downtown include:

- The Newark Museum
- New Jersey Performing Arts Center
- The Newark Public Library
- Symphony Hall
- Branch Brook Park
- Art galleries, restaurants, and shopping
- An urban architectural laboratory
- Professional minor league baseball (Newark Bears)

## Newark: New Jersey's College Town

Adjacent to NJIT is the Newark campus of Rutgers University.

NJIT and Rutgers enjoy an exceptionally close and productive consortial relationship within the thriving University Heights section of Newark. NJIT and Rutgers students have library privileges at both campuses. NJIT students may also enrich their educational experience by enrolling in Rutgers-Newark courses and in full degree programs in disciplines not offered at NJIT, such as art, music, geology and psychology.

Each year the two universities co-sponsor a common season of theatrical productions, as well as "World Week," a joint program of honors colloquia, and a variety of other cultural and social activities.

## New Jersey/New York Metropolitan Region

The NJIT campus is in one of the nation's most exciting cultural and business regions. Advantages include:

- Minutes from New Jersey Performing Arts Center, Liberty Science Center, Meadowlands Sports Complex, Manhattan and all of its attractions, Newport Center Mall, and Secaucus Outlet Center.
- Discount tickets for Broadway shows, museums, concerts, and sporting events.
- Weekend trips throughout the Northeastern United States: skiing, boating, swimming, hiking, and much more.
- The spectacular Jersey shore is less than one hour away.

# Athletics Facilities

The NJIT soccer teams play their home games at **Lubetkin Field** (see page 16), a lighted campus facility, with a newly-installed SprinTurf surface, adjacent to the **Estelle and Zoom Fleisher Athletic Center**.

*The Fleisher fitness center features computer-controlled biking equipment, Cybex resistance units, and an indoor track.*

Lubetkin, contains a scoreboard and pressbox facilities, and has bleacher seating for approximately 1,000 spectators. Lubetkin is also used for club sports and intramural events, as well as by the NJIT baseball team for practice.

The soccer teams also have access to all of the other facilities in the athletic center. These include the fitness area (containing computer-

controlled biking equipment, Cybex resistance units, and an indoor track), a free-weight room and a hammer-strength weight room, four racquetball courts (which can be converted for squash), a martial arts center, and an aerobics/dance studio.

The NJIT men's and women's basketball and volleyball teams play their home

games in **Entwisle Gymnasium**, the main facility in the Fleisher Center. Entwisle seats approximately 1,500 spectators. The back bay, "C gym," area can be sectioned off from the main floor, making the entire gymnasium useful for intramurals, physical education classes, and campus recreation time, and able to host multiple events simultaneously.

*NJIT's hammer-strength weight room, in the basement of the Fleisher Athletic Center.*

A six-lane swimming pool is home to NJIT's men's and women's swimming teams, while the two varsity tennis squads utilize the four lighted outdoor hardcourt tennis courts behind the building. The newly-renovated Campus Center houses six regulation bowling lanes.

**Bears & Eagles Riverfront Stadium** in downtown Newark, the facility of the Newark Bears of the Atlantic League, became the home of the Highlanders baseball squad in 2004.

## NJIT SOCCER FIELD RECEIVES ARTIFICIAL GRASS *SprinTurf, New Landscaping Highlight Lubetkin Renovations*

**NEWARK, N.J. (August 27, 2004)** – With the soccer seasons set to begin for New Jersey Institute of Technology, the men's and women's Highlanders were not the only squads hard at work on Lubetkin Field. A team of workers has spent the week putting the finishing touches on summer-long renovations of NJIT's on-campus home.

The highlight of the \$1.2 million project was the replacement of Lubetkin's natural grass with SprinTurf, an artificial surface. SprinTurf is the only artificial grass on the market that does not use sand in its infill. The 100-percent rubber infill feels and reacts more like natural grass and allows the surface to last longer,

without changing characteristics, than those with sand-based infills.

"We desperately needed a new soccer facility," said NJIT director of athletics **Lenny Kaplan**. "The old natural grass surface gave us limited use, and was unable to take the wear and tear of practices and an increasing intramural

and club sport program. The new artificial grass facility can be in use 24 hours a day, seven days a week, and still be in top shape."

The first NJIT varsity event on the new pitch will take place on August 29, when the women's soccer team meets St. Anselm College at noon. On September 1, the men's soccer team plays host to Monmouth College at 6:30 p.m. in its first-ever game as a member of NCAA Division I.

"The decision to put in the field coincided with the plan to elevate the men's soccer program to Division I," Kaplan said. "It also fits in nicely with the ongoing campus beautification project."

Among other enhancements to Lubetkin was the installation of a running track around the soccer field. When weather permits, the track's surface will be rubberized. The addition of pavers improved wheelchair accessibility to the spectator area, and the perimeter was beautified with shrubbery.

"One of the best recruiting tools in college athletics is a facility, and now ours creates excitement," said second-year NJIT men's soccer coach **Pedro Lopes**. "Any athlete that can move from high school to play on a beautiful facility with a beautiful surface in the middle of campus has to get excited. President (**Robert A.) Altenkirch**, Lenny, and everyone behind this project did a great job of speeding up the process to get it done in time for this season."

A live webcam of the new Lubetkin Field can be viewed at [www.njit.edu/construction/webcam.php](http://www.njit.edu/construction/webcam.php).

# Central Atlantic Collegiate Conference

When NJIT reclassified its athletics programs to NCAA Division II from Division III in 1997, it joined the New York Collegiate Athletic Conference (NYCAC).

After three years of NYCAC play, the Highlanders began a new era in the fall of 2000 as members of the **Central Atlantic Collegiate Conference (CACC)**.

For its first two seasons in the league, NJIT was the only CACC school with full NCAA membership. The others were in a provisional period while switching affiliation from the National Association of Intercollegiate Athletics (NAIA). However, six women's soccer-playing institutions completed their provisional requirements in 2002, three more did so in 2003, and this year, Wilmington (Del.) College culminates the transition by making its NCAA debut. As a conference, the CACC was voted into active status by the NCAA membership committee in July 2004.

The CACC has allowed the Highlanders to save tremendously on travel time and costs. NJIT is centrally located in the conference, and four other member schools are in New Jersey, allowing the opportunity to foster local rivalries.

More information is available at [www.caccathletics.org](http://www.caccathletics.org).
