MEDIA INFORMATION

This guide is designed to assist the media in their coverage of New Jersey Institute of Technology men's volleyball. The NJIT sports information services department will provide an official NCAA box score 15-20 minutes after the conclusion of each home match.

All interview requests should be made through the sports information office, 973-596-8324. Following games, coach Lykouriotis and selected players will be available on the floor following a 10-minute cooling-off period. All visiting radio broadcast requests should be made at least two weeks in advance.

CREDITS

The 2002 NJIT Men's Volleyball Guide is a production of the NJIT sports information services department, Mark Mentone, coordinator. Writing and design by Mark Mentone on Adobe PageMaker 7.0. Editorial assistance by Kathleen Heitzman, Anthony Valbrun, and Babette Hoyle. Graphic design assistance provided by Johanna Moroch. Except where indicated, photography by PM Studios, Edison, N.J. Printing by Prestige Graphics, Union, N.J.

On the cover: Senior outside hitter **Hunter Haliniak**.

DR. SAUL K. FENSTER

President

Dr. Saul K. Fenster is the sixth president of New Jersey Institute of Technology. Prior to joining NJIT in 1978, he served in various faculty and administrative capacities at Fairleigh Dickinson University, including six years as provost of the Rutherford campus.

Fenster is a mechanical engineer. He earned a bachelor's degree from the City College of New York, a master's degree from Columbia University and a Ph.D. from the University of Michigan. He has authored and co-authored two textbooks and numerous research papers and technical articles. His industrial experience includes a period as senior research engineer with the Sperry Rand Corporation and as a partner in an industrial consulting firm.

Fenster has served on many statewide task forces, commissions and committees. He is currently a board member of the New Jersey Commission on Science and Technology, and a past chair of the Research and Development Council of New Jersey.

DR. JOEL BLOOM

Vice-President for Academic and Student Services

Dr. Joel Bloom has worked at NJIT since July 1990. In his current position, he is responsible for nine divisions of the university, including physical education and athletics.

Bloom is also dean of the Albert Dorman Honors College, which enrolls 460 students from 15 states and several foreign countries.

Prior to NJIT, Bloom spent seven years as assistant commissioner in the New Jersey Department of Education. He currently chairs the State College Advisory Board and the Newark Consortium Board for Pre-College Education.

Bloom earned bachelor's and master's degrees from Hunter College, and holds a master's and doctorate from Columbia University Teachers College.

LENNY KAPLAN

Director of Athletics

After serving 11 years in the athletics department at Division I Manhattan College, **Lenny Kaplan** was appointed in August 2000 to NJIT's newly created position of senior administrator for athletics, physical education, recreation and intramurals.

Kaplan is a 1988 graduate of St. John's University with a degree in athletics administration. After three years as Manhattan's director of operations, he served as an assistant athletics director from 1991-2000. At NJIT, he reports to Dr. Joel Bloom, vice-president for academic and student services.

Kaplan is a native of Commack, Long Island, and attended Commack High School South. He resides in Manhattan with his wife, Nancy, and their sons, Michael and Joshua.

Coaching Staff

ALEX LYKOURIOTIS

Head Coach

Alex Lykouriotis is the newest member of the NJIT coaching staff. A native of Germany, he is a coach at the Eastern Athletic Club in Brooklyn.

A 1974 graduate of Goethe University, Lykouriotis spent five years coaching the German women's national team before immigrating to the United States. He is a self-employed furrier and resides in Edgewater with his wife, Xantula, and daughter, Janet.

NJIT

New Jersey Institute of Technology

HAROLD NAZAIRE

Assistant Coach

Three-time NJIT all-American **Harold Nazaire** is in his first year as an assistant coach with both of the Highlanders' volleyball teams.

Nazaire was a first-team American Volleyball Coaches Association all-America selection in 1997 and 1999 and a second-team choice in 1998. He was the most valuable player of the 1999 Eastern Intercollegiate Volleyball Association Tournament.

Nazaire earned a bachelor's degree in computer science from NJIT in 2000, and is a member of the university's alumni association. A Newark resident, he is a software engineer for Dendrite International in Morristown, N.J.

ANTHONY VALBRUN

Assistant Coach

NJIT head women's volleyball coach **Anthony Valbrun** is in his second stint as an assistant with the men's program.

Valbrun was an outside hitter for the Highlanders in 1992 and 1997. In between, he was the head women's coach at SUNY-Purchase. He is a former two-time member of the Haitian national team.

Valbrun was a men's assistant for the Highlanders in 1998 and 1999, one season each under Dave DeNure and Manny Del Rio. His most recent experience came as an administrator and coach for the United Volleyball Club in Nutley, New Jersey.

Valbrun received his bachelor of science degree in electrical engineering in 1999. He is a manufacturing engineer at Merck & Company, Inc., in Rahway, New Jersey, and resides in Nutley.

KELVIN COLÓN

Student Assistant

Former NJIT hitter Kelvin Colón remains with the program as a student assistant while he completes his bachelor's degree in computer engineering.

Colón, a resident of Gurabo, Puerto Rico, hit .227 with 3.30 kills per game and a team-high 26 aces in 2001. He was a three-year starter for the Highlanders.

About Newark

Newark: The Renaissance City

NJIT is located in the heart of New Jersey's largest city. A major urban center, Newark is a city on the move. Some 30,000 undergraduate, graduate and professional students attend classes in University Heights at the city's four public institutions of higher learning: NJIT, Rutgers-Newark, the University of Medicine and Dentistry of New Jersey, and Essex County College.

Attractions in Newark's revitalized downtown include:

- The Newark Museum
- New Jersey Performing Arts Center
- The Newark Public Library
- Symphony Hall
- Branch Brook Park
- Art galleries, restaurants, and shopping
- An urban architectural laboratory
- Professional minor league baseball (Newark Bears)

Newark: New Jersey's College Town

Adjacent to NJIT is the Newark campus of Rutgers University.

NJIT and Rutgers enjoy an exceptionally close and productive consortial relationship within the thriving University Heights section of

Newark. NJIT and Rutgers students have library privileges at both campuses. NJIT students may also enrich their educational experience by enrolling in Rutgers-Newark courses and in full degree programs in disciplines not offered at NJIT, such as art, music, geology and psychology.

Each year the two universities co-sponsor a common season of theatrical productions, as well as "World Week," a joint program of honors colloquia, and a variety of other cultural and social activities.

New Jersey/New York Metropolitan Region

The NJIT campus is in one of the nation's most exciting cultural and business regions. Advantages include:

- Minutes from New Jersey Performing Arts

Center, Liberty Center, Liberty Science Center, Meadowlands Sports Complex, Manhattan and all of its attractions, Newport Center Mall, and Secaucus Outlet Center.

- Discount tickets for Broadway shows, museums, concerts, and sporting events.
- Weekend trips throughout the Northeastern United States: skiing, boating, swimming, hiking, and much more.
- The spectacular Jersey shore is less than one hour away.

About NJIT

NJIT's history spans from the Industrial Revolution to the Information Age. Newark was a factory town when the tuition-free evening school was founded in 1881 to support local industries. From the early days, science and technology have been the engines fueling the university's development.

Over time, the university both anticipated and responded to change by expanding its curriculum and mission. Most notably, in 1919, the university established baccalaureate programs in three engineering fields. By 1975, NJIT offered a broad range of undergraduate and graduate degrees. All programs included significant research and public service components with the goal of providing an academic environment that fostered intellectual depth and breadth, as well as social responsibility.

Today, continuing a fourfold mission of instruction, research, economic development and public service, NJIT is among the leading comprehensive technological universities in the nation. The university has state-of-the-art facilities with more than 2,000,000 square-feet of space located on a 45-acre campus in Newark, a Technology and Engineering Center at our 125-acre campus in Mount Laurel, N.J., shared with Burlington County College, and a solar observatory in Big Bear, Calif.

NJIT's Six Colleges

While there has been tremendous growth and diversification at NJIT, its roots are in engineering education. For more than eight decades, **Newark College of Engineering** (NCE) has been preparing engineering students to use science, mathematics, technology and problem-solving skills to design, construct, test and main-

tain products, services, and information systems.

The **New Jersey School of Architecture**, established in 1974, is one of the larger architecture schools in the nation and is nationally recognized for the innovative integration of computer technology into the design curriculum.

The **College of Science and Liberal Arts** (CSLA), established in 1982, is moving into the forefront of many national research activities from solar astronomy to computational and mathematical modeling. CSLA provides students with the skill sets for the professional marketplace including literacy in the computer, mathematical, physical and biological sciences, as well as the traditional liberal arts disciplines.

The **School of Management**, established in 1988, combines the best of the traditional business disciplines (e.g., finance, marketing, accounting, e-commerce) with the power of information and technology management to develop professionals who can manage and communicate effectively.

The **Albert Dorman Honors College**, established in 1993, offers one of the nation's leading technologically oriented honors programs for students who are prepared to undertake a rigorous and individualized course of study.

The **College of Computing Sciences**, established in 2001, encompasses a department of computer science, focused on both the theoretical areas of computing and the development of new computer technology, as well as a department of information systems, concentrated on applications involving people and organizations.

About NJIT

NJIT Mission Statement

NJIT is a **public, urban, research university** committed to the **pursuit of excellence** in:

- * undergraduate, graduate, and continuing professional **education**, preparing students for productive careers and amplifying their potential for lifelong personal and professional growth;

- * the conduct of **research** in such multi-disciplinary areas as environmental engineering, materials science, manufacturing, productivity enhancement, infrastructure systems, communications, and an array of bi-related sciences and technologies;

- * contributing to the state's **economic development** through partnerships and joint ventures with the

business community and through the development of intellectual property;

- * **service** to both its local communities and the broader society of the state and nation by conducting public policy studies, making educational opportunities widely available, and initiating community-building projects.

NJIT **prepares its graduates** for positions of leadership as professionals and as citizens, **provides educational opportunities** for a broadly diverse student body, **responds to needs** of large and small businesses, state and local governmental agencies, and civic organizations, and **advances the uses of technology** as a means of improving the quality of life.

NJIT: A "MOST-WIRED" UNIVERSITY

NJIT has perennially been named a "Most Wired" university by Yahoo! Internet Life magazine in its annual rankings. As such, the university is nationally recognized as a pioneer in the use of computing and information technologies.

As a public research university, NJIT is educating leaders for a technology-driven economy. The university is rethinking educational programs to emphasize marketplace skills, and redesigning its methods of delivering education. Indeed, computing and information technology underpin every facet of the NJIT mission.

NJIT received Carnegie Foundation designation as a Doctoral II university in 1994 and has been ranked among the top universities by U.S. News and World Report every year since. NJIT expends more than \$51 million in a panoply of research and development partnerships with industry, government, and other universities. NJIT researchers are making important advances in a wide range of areas, including the biosciences, manufacturing, microelectronics, multimedia, transportation, computer science, solar astrophysics, environmental engineering and science, and architecture and building science.

For more than a century, NJIT has been an important conduit through which technology flows into society. NJIT plays an essential role in the economic and social life of the state and nation. At NJIT, the objective is to provide graduates with analytic skills, as well as an ability to integrate the work of multiple disciplines to manage and lead knowledge-based and technology-dependent businesses.

The mission of a technological university requires that NJIT continue to recognize emerging trends in the economy, the sciences, and technology, and to anticipate their impact on society by developing appropriate educational and research programs.

Facilities

The NJIT men's and women's volleyball teams play their home matches at **Entwisle Gymnasium**, the main facility in the **Estelle and "Zoom" Fleisher Athletic Center**.

Entwisle, with seating for approximately 1,500 spectators, is also home to the Highlanders' men's and women's basketball teams. The back bay, "C gym," area can be sectioned off from the main floor, making the entire gymnasium area useful for

intramural events, physical education classes, and campus recreation time, and able to host multiple events simultaneously.

The volleyball teams also have access to all of the other facilities in the athletic center. These include the fitness area (containing computer controlled biking equip-

ment, Cybex resistance units, and an indoor track), weight room, four racquetball courts (which can be converted for squash), a martial arts center, and an aerobics/dance studio. A six-lane swimming pool is home to NJIT's men's and women's swimming teams, while the two varsity tennis squads host meets and practices at four lighted outdoor hardcourt tennis courts behind the building.

The NJIT baseball and men's and women's soccer teams play and practice at **Lubetkin Field**, a lighted, natural-grass campus facility immediately adjacent to the Fleisher Center. Lubetkin, which is also used for physical education and intramurals, contains a midfield scoreboard and pressbox facilities, with seating to hold approximately 1,000 spectators.

Communications

The NJIT athletics department now offers several ways for media and fans to keep up with the Highlanders:

www.njit.edu/athletics

NJIT sports news, results, and schedules are available by logging onto <http://www.njit.edu/athletics>. The Highlanders' athletic Web page is coordinated by NJIT students **Ron Horn** and **Amit Joshi**.

The page was redesigned and relaunched in the fall of 2000 by then-graduate student **Amit Desai**. Horn and Joshi now maintain the site under the supervision of **Mark Mentone**, coordinator of sports information services.

Currently available are rosters and schedules of all 13 NJIT varsity intercollegiate sports, the latest department press releases and weekly notebooks, biographies of coaches and athletes, and the NJIT Alumni Athletic Hall of Fame. Future plans include histories, record books, and photo albums.

(973) 596-5555

New for 2001-02 is the NJIT Sports Hotline, (973) 596-5555. Option 1 will provide the most recent varsity results. Option 2 provides upcoming

events and special announcements. Users will also be able to leave a message for the sports information office.

E-Mail Distribution List

Anyone can receive the most recent NJIT athletics press releases electronically by joining the department's e-mail distribution list. Membership is free. Created in the winter of 2000-01, the list has been refined so that users can receive all releases or just the ones in which they are most interested.

To begin receiving Highlander news in your inbox, fill out the form on the athletics Web site or send a message to Mark Mentone at mentone@adm.njit.edu.

Campus Message Board

Mark Mentone

Visitors or members of the campus community are encouraged to check out the new electronic message board to the right of the greenside entrance to the Fleisher Athletic Center.

The board, installed in January 2001, provides department and campus news 24 hours a day on a flashy amber-colored LED display. Those approaching from the campus green area can learn such tidbits as upcoming events, recreational classes, new staff members, and intramural champions, as well as the latest varsity scores and highlights.

The NJIT men's volleyball team is a member of the **Eastern Intercollegiate Volleyball Association**. The champion of the EIVA Tournament receives an automatic bid into the NCAA Division I/II playoffs.

The Highlanders play in the Tait Division, the most powerful of the EIVA's three divisions. Six of the nine entrants in the EIVA Tournament come from the Tait Division each season. The Division includes perennial national powers Penn State, Concordia (N.Y.) and George Mason, as well as cross-town rival Rutgers-Newark and in-state foe Princeton.

The Highlanders won the now-defunct EIVA Division III Tournament in 1991 and were the Division III runners-up in 1993 and 1995. NJIT reclassified its entire athletic program into Division II prior to the 1998 season.
