MEMORANDUM FOR AEROSPACE STUDIES AS200 STUDENTS

FROM: AS200 Instructor

SUBJECT: AS221 Classroom Policy, Course Objectives, and Syllabus

1. This letter and attachment explain classroom procedures, provide course objectives, and list a detailed schedule. Per AFROTCI 36-2011, paragraph 9.10.4, "Do not require students to purchase commercial texts." **All readings, slides, and course materials will be made available on Canvas and Google Drive; all students must use their NJIT ID to gain access to Canvas. Contact the NJIT IST Helpdesk for help--refer to their website at ist.njit.edu.** Computer Based Training Lessons (CBTs), if required, will be available via the Holm Center Curriculum Site. All students must be registered for the class, because an accurate class roster will be created and verified via NJIT after the first class session.

2. Course Objectives:

This course is designed to provide a fundamental understanding of both leadership and team building. This course picks up where AS100 left off and builds on the many layers that contribute to leadership, including aspects that do not always jump to mind. Such things include listening, understanding yourself, being a good follower and problem solving efficiently. AS 200 students will apply these leadership perspectives when completing team building activities and discussing topics like conflict management. Air force knowledge and history will be integrated throughout the course to enhance these objectives. Students should demonstrate basic verbal and written communication skills. Cadets will apply these lessons at Field Training, which follows the AS200 year.

3. Grading Policy:

a. Points towards your final grade will be distributed as follows:

Participation (including HW)	10 points
Writing Assignments (2)	30 points
Briefing Assignment (1)	10 points
Quizzes	5 points
Mid Term	15 points
Final Exam (cumulative)	30 points

Total Points	100 points
--------------	------------

b. A final grade will be awarded as follows:

c. Cadets are responsible for all assigned lessons. Unless otherwise stated by the instructor, assignments are due at the beginning of class on the day specified on the syllabus. Failure to turn in an assignment on time will result in an automatic zero for that assignment. Assignments will not be accepted late assignments without prior approval.

d. If cadets receive a failing grade for this class, cadets may apply for re-entry but must re-accomplished the course for AFROTC credit.

e. Incompletes should be used for unusual or unavoidable circumstances. "Incompletes" will not be used for make-up of unsatisfactory or delinquent work. The Det/CC must approve all "Incompletes" for AS classes and LLAB. An "Incomplete" must be resolved NLT the end of the following term, or it will constitute a failure.

f. You may request your current grade at any time.

4. Attendance Policy:

Cadets and Participating Students MUST ATTEND **80%** of the scheduled classes to receive a passing grade.

a. Tardiness – Tardiness is both unprofessional and disrespectful and is not tolerated. Class begins promptly at **1030EST**, and you will be considered tardy if not in your seat by the class start time. Excessive tardiness (3 times) will result in an unexcused absence. If delayed by forces beyond your control, call the office as soon as possible to let the instructor know. An excused absence may be given with proper notification (see 4c). If you are more than 15 minutes late and do not give proper notice, you will have an unexcused absence for that week's class.

b. Absences – Excused absences will be given for incidents beyond your control (i.e. sickness, family emergency, etc.). Unexcused absences will be given for incidents that resulted from a lack of planning and/or prioritization. Opportunities to make up ONE excused absence may be given on a case-by-case basis.

c. Proper notification procedures - If you plan to be absent from class and/or Leadership Lab, you must email a Memorandum for Record (MR, aka MFR) to your instructor, Maj Laake (The Operations Flight Commander), and cadet chain of command as soon as you are aware of the absence. The MFR must include your rationale for missing class and how you plan to make up missed material. It will be up to the instructor's discretion whether it is recorded as a excused or unexcused absence.
