Homework: All homework assignments are online using MyLab Math, which is linked directly from Canvas. They are DUE at the dates and times specified online. Students are required to work through the problems assigned for each section to gain a better understanding of the course material. You do not have to provide an access code or payment information when you enroll the first time, MyLab Math gives you free access to homework and the eBook for two weeks. Your 14-day free trial period begins on the day you click Start Free Trial on the Purchase Materials page.

Quizzes: Quizzes will be given approximately once a week throughout the semester. They will be based on the lecture, homework and the in-class discussions. Quizzes will sometimes be assigned through MyLab Math or Canvas and students will be expected to complete the quiz online.

Exams: There will be two midterm exams held in class during the semester and one comprehensive final exam. The following exam periods are tentative and therefore possibly subject to change:

Final Exam Period	December 17 - December 23, 2023

The final exam will test your knowledge of all the course material taught in the entire course. Make sure you read and fully understand the **Math Department's Examination Policy**. This policy will be strictly enforced.

Makeup Exam Policy: There will be **NO MAKE-UP QUIZZES OR EXAMS** during the semester. In the event an exam is not taken under rare circumstances where the student has a legitimate reason for missing the exam, the student should contact the Dean of Students office and present written verifiable proof of the reason for missing the exam, e.g., a doctor's note, police report, court notice, etc. clearly stating the date AND time of the mitigating problem. The student must also notify the Math Department Office/Instructor that the exam will be missed.

Cellular Phones: All cellular phones and other electronic devices must be switched off during all class times.
