IMPORTANT NOTE: If due to [insert your mail server issues, my NJIT offered.ronkyg@njit.edu email address does not work, please use my Apple offered email address: cinnaren@icloud.com]

Please send me an email, too, if you haven't heard from me within a few days, you can assume, that I have not received your email. If this is the case, I am sorry, but since I cannot do anything about it, please send it again to the above email address: cinnaren@icloud.com

Thanks!

1. **Course number**
   Introduction to MIS/IT Core Total Quality Management (TQM) - Preparing you for real life!
   As you can see from the course number, this is a graduate level course that is also a technical textbook, as well as a social networking component, which is on-line, as well as TA'ed online. Here are on-line its assignments are documented by the students on-line in their own and pages (see more about this below):
   Here is my own page: http://web.njit.edu/~ronkowit/ - Here is my TA's page: http://web.njit.edu/~ronkowit/ - Here is the search word for "tuch" (whose school it is, it is their problem.
   If you have registered for the course(using your own account) and are to attend the live class occasionally, or if you need help, subject to space in the live classroom on-line.
   Also, please note that the course is also a technical textbook, as well as a social networking component, which is on-line, as well as TA'ed online. Here are on-line its assignments are documented by the students on-line in their own and pages (see more about this below):
   To summarize, please review the basic terminology in this syllabus (i.e. not every basic word is defined), read the syllabus carefully, and search on Google if the terminology is not clear, and then see me anytime if you need help. Also, please note that the course is also a technical textbook, as well as a social networking component, which is on-line, as well as TA'ed online. Here are on-line its assignments are documented by the students on-line in their own and pages (see more about this below): Here is my own page: http://web.njit.edu/~ronkowit/ - Here is my TA's page: http://web.njit.edu/~ronkowit/ - Here is the search word for "tuch" (whose school it is, it is their problem. It's my responsibility to make sure that you have the basic terminology down pat.
   The rest, new assignments-wise, as well as the written order is also explained on Wikipedia.
   Also, please note that the course is also a technical textbook, as well as a social networking component, which is on-line, as well as TA'ed online. Here are on-line its assignments are documented by the students on-line in their own and pages (see more about this below): Here is my own page: http://web.njit.edu/~ronkowit/ - Here is my TA's page: http://web.njit.edu/~ronkowit/ - Here is the search word for "tuch" (whose school it is, it is their problem.

VERY IMPORTANT: SJP Guidance of Process Direction: This is an NJIT requirement, to avoid my NJIT work overwhelming backlog and more NJIT distance syllabus of syllabus of [insert] and to maintain the purpose of this course, which is to teach you the basics of Total Quality Management (TQM), and to provide you with a hands-on experience in TQM, which is a requirement for this course, as well as for my TA'ed classes, as well as for my other NJIT classes, which I teach on-line, as well as TA'ed on-line. Please see the following for more information:

Please note, that there are included in your NJIT registration email, as well as general class Canvas links (explained above), as well as sharing the first task of the semester, if you'd like to check it out, but all you have to do is to read the following, and then to do the assignments, as explained above, and then to do the assignments, as explained above, and then to do the assignments, as explained above

10. **Discuss automation system ideas for JIT/lean systems** . Give an example of a real-time quality feedback controlled system in an automated factory / enterprise. How is your company doing this?
11. Please don't forget the social networking assignment

All submissions MUST be electronic = by email / with a web URL in it; NOT several separate files please; I cannot accept several separate files, sorry, this is the 21st Century... we live in a digital age…

Please note, that ALL assignments, including ALL reworked assignments are due by December 15, 11.59 pm, 2023, latest. Any assignments submitted later than this date cannot be accepted. Please don't be late!

PLEASE NOTE, that following NJIT rules and regulations in order to finish all work, I must submit all grades by the end of semester. This is an ABSOLUTE deadline, I cannot change it. Please note, that I'll grade what I have at hand on this day.

Please feel free to join me on LinkedIn. (Look for Dr Paul Ranky). Social networking is an important part of our professional life now!
